# Street Party Sponsorship Program

## About the Program

The City of Fremantle Street Party Sponsorship Program helps residents host safe, welcoming street parties by reducing some of the costs required for approval and compliance.

## What the Sponsorship Covers

The sponsorship may cover the following direct City-related costs:

- Waiver of City of Fremantle application and approval fees
- Public liability insurance (where required)
- Road closure application and implementation costs
- Traffic management equipment such as signage, barriers and cones

Support is provided either through fee waivers or City-arranged services.

## What is Not Covered

The sponsorship does not cover:

- Direct cash payments
- Food, drinks, entertainment or decorations
- Furniture, marquees or event equipment
- Security or cleaning beyond normal community responsibilities

## Who Can Apply

You can apply if you:

- Live within the City of Fremantle
- Are hosting a non-commercial, community street party
- Submit a complete street party application
- Agree to comply with all City conditions and safety requirements
- Comply with the City of Fremantle's Street Party Program and the City of Fremantle's Grants and Sponsorships Policy

## How to Apply

Apply through the Street Party application process and indicate that you would like to be considered for sponsorship support.

Applications are assessed based on community benefit, safety and readiness, and available City resources.

## Important Information

Sponsorship is limited and not guaranteed. Approval of sponsorship does not automatically mean your street party is approved.

All events must comply with the Street Party Planning Kit and City of Fremantle policies.
