

Site Access and Viewing Information

Please find below the scheduled site access and viewing times for the units at J Shed. City officers will be present at each viewing to assist attendees.

You do not need to register your intention to attend a site viewing.

Attending a site viewing is not a mandatory requirement for submitting an Expression of Interest however, it is strongly recommended as it provides an opportunity to view the available spaces and gain a better understanding of the precinct.

To ensure all respondents have access to the same information, please direct any questions to the City Contracts Team at ProcurementTeam@fremantle.wa.gov.au. Questions and responses will be published on the City's website for the benefit of all respondents.

During the site viewings, City officers will only be able to provide information that is contained within the Expression of Interest Briefing Pack.

Site access and viewing times have been coordinated with the current tenants and are listed below. We kindly ask that you respect the privacy and working environments of the existing tenants within the Manjaree Precinct. Please do not enter any studios or workspaces unless you have been invited to do so by the tenant.
