## LEGAL IMPLICATIONS

Section 6.12 (1) (c) of the *Local Government Act 1995* provides authority for the Council to write off outstanding monies.

In accordance with section 5.42 and 5.44 of the *Local Government Act 1995* the following delegated authority applies:

- The Chief Executive Officer has delegated authority to write off debts (not including rates or infringement) considered unrecoverable up to 100,000 per account where in the opinion of the Chief Executive Officer all other reasonable avenues of recovery have been exhausted.
- Directors and Managers have various sub-delegated authority to write off debts (not including rates or infringement) considered unrecoverable up to 20,000 per account where in the opinion of the Director or Manager all other reasonable avenues of recovery have been exhausted.

All records of the uses of this delegated authority, to waive or write off debts valued at 1,000 or above per debtor, must be reported to the Audit and Risk Management Committee.

Any amount in excess of 100,000 is to be written off by Council resolution. A council resolution authorising the write-off of any bad debt does not prevent Council from reinstating the debt if the future circumstances change and the debt becomes collectable.

## OFFICER COMMENT

The total of debtors outstanding as at 31 May 2021 is \$1,289,694. A breakdown of aged debt for the current period compared to prior year for the same period is tabled below.

Period Ending June	Current	30 Days	60 Days	90+ Days	Total
July 20 – May 21	35%	10%	7%	48%	100%
	458,229	126,953	86,413	618,099	1,289,694
July 20 – May 21	46%	12%	5%	37%	100%
Excl. Commercial Properties	334,261	86,725	39,982	266,596	727,564
July 19 – May 20	332,894	220,627	207,067	369,689	1,130,277

Of the total debt balance, the amount outstanding for 90+ days is 618,099 or 48%. Below is a graph of the aged debt balances as at 31 May 2021.

### Sundry Debtors

Compared to the report of overdue debtors as at 31 March 2021, presented to Audit and Risk Management Committee at the 21 April 2021 meeting, the total value of outstanding debtors has increased by 232k.

Outstanding debt over 90 days has increased from 588k at the end of the previous quarter to 618k. The number of overdue debtors above the reporting threshold of 10,000 is 12 with a total value of 537,559

In accordance with delegated authority, any debts over 100,000 will be submitted to Audit and Risk Management Committee for approval and all recorded use of delegated authority by Chief Executive Officer, Directors and Managers will be reported to Audit and Risk Management Committee.

The confidential attachment contains debtor information in relation to the 537,559 of outstanding debtors exceeding 90 days with a combined value exceeding 10,000 with comments and background.

### Debtors Outstanding

The debtor day ratio measures how quickly cash is being collected from debtors. The longer it takes for an organisation to collect, the greater the number of debtor days.

The calculation of the ratio considers the total amount outstanding at the end of the period over the total amount invoiced to that period for the financial year by the total number of days from 1 July to the end of the period. See calculation in graph below.

Prior financial year information is presented together with the current financial year as a comparative to demonstrate the City’s ability to collect funds owed to the City when due.

At July 2020, 1,067,654 of invoices raised in 2019/20 were outstanding resulting in outstanding debt exceeding the amount invoiced during July 2020. Identified write-offs/waivers amounted to 565k and have resulted primarily from the City's commercially leased properties.

At reporting date, the debtor day ratio was 90.26 an increase from the prior reporting period. Of outstanding debt, 36% related to current invoices that were not yet due.

**Key Performance Indicators**

The Audit Risk Management Committee recommended a performance measure be included to provide a reporting date 'snapshot' of performance against agreed indicators.

Internal debt management procedures have been reviewed resulting in Officers engaging with debtors earlier where an amount is considered to have an increased risk of default. Upon review of debt levels over prior financial years, Officers consider reasonable and recommend the following targets against which to report.

Key Performance Targets				
Current	30 Days	60 Days	90 Days	Total
80%+	<= 10%	<=5%	<=5%	100%

Qtr 4 - July 2020 to May 2021				
Aged Debt Category	Current	30 Days	60 Days	90 Days
Target	80%	10%	5%	5%
Value	458,229	126,953	86,414	618,099
Percentage	35.53%	9.84%	6.70%	47.93%
Performance				
	Target achieved		Target exceeded	

Of total overdue debt, Commercial Properties account for 44% (562,130k) and 63% of these debts extend 90 days & beyond. Deferred payment arrangements are currently in place for 114,414k or 20% of total overdue Commercial debts. City officers are liaising with all commercial tenants to provide assistance, including payment arrangements, where appropriate.

The following charts demonstrate performance against the recommended target for each aged debt category by period to reporting date for this financial year. As discussed above, much of the longer-term debt relates to the commercial tenants during the COVID shutdown period. Further write-offs for commercial debt are to be expected and the City's Economic Development team is monitoring the COVID environment and scenario planning any impact that may result in Western Australia.

## ARMC2106-5 INFORMATION REPORT - NEXT STEPS TO COMPLETE WALYALUP CIVIC CENTRE

**Responsible officer:** Director Infrastructure  
**Attachments:** 1. Nil  
**Additional information:** 1. Risk assessment (Confidential) **electronic only**

At the Special Meeting of Council of 8 June 2021, for the continued progress of the Walyalup Civic Centre construction, Council agreed to:

1. *Note the City's legal advice in respect to the direct engagement of contractors, previously contracted to Pindan Ltd PTY, as Sole Source suppliers.*
2. *Note the advice from the probity auditor in respect to the City's approach and engagement of contractors for the completion of WCC construction contract.*
3. *As a result of the unique nature and current status of the project, approve Sole Source supply arrangements under Regulation 11 (2)(f) of the Local Government (Function and General) Regulations 1996, for the engagement of contractors as detailed in confidential Attachment 1, to complete the project works as the City has good reason to believe that no other contractor would be prepared to assume the obligations to carry out and complete the works of any current subcontractor, assuming liability for what has been done, at the price that remains payable under the terms of the existing subcontract and taking over existing warranties required under the existing contract.*
4. *Approve CEO delegation to formally terminate the Construction Contract with Pindan Pty Ltd at the appropriate time.*
5. *Approve CEO delegation to authorise project expenditure to complete the project works up to the available value of the retained performance bonds (\$3,673,056.40).*
6. *Approve officers progress with a Managing Contractor arrangement for the oversight of completion of the project works and to immediately commence the tender process on this basis.*
7. *Request that the Walyalup Civic Centre project continue to be monitored through regular updates to the City's Audit and Risk Committee.*

Officers are now initiating works with the contractors approved by Council as sole suppliers (item 3 above). Initial works are commencing but are restricted to items such as minor fit out works, cabinetry and licenced trades and do not yet involve any formal 'construction' works.

In addition to the above the project team have established an updated governance structure and implemented additional financial controls to ensure all work costs are captured in relation to the original scope of works and also the works required as a result of the Pindan liquidation event. This approach shall also include monitoring and tracking of expenditure against the retained insurance bonds.

In order to further progress construction works the project team require the engagement of a registered builder, accordingly the City has now issued a Request for Tender – this includes the following activities and timelines:

<b>Description of Task</b>	<b>Action and Approximate Timeframe</b>
Issue a Public Tender for a Managing Contractor to complete the final elements of the project	Issued 10 June 2021 via Tenderlink. Submissions close Monday 28 June 2021 at 2pm
Evaluate responses to tender	Commencing Tuesday 29 June 2021 with an aim to be complete no later than Friday 18 July 2021 (internal review and recommendation)

Once the Managing Contractor is engaged the project team have prepared to facilitate a risk workshop with key stakeholders. Working from the existing risk register, the workshop will focus on the current issues and challenges and develop an updated risk profile / position with new risk mitigation measures and controls.

All updated processes and procedures in relation to the current financial management of the project will be reviewed and tested as part of the risk workshop.

It is currently anticipated that the estimated costs to complete the project will be covered with the remaining project budget and use of the retained insurance bonds.

Officers will retain the project as high priority on the corporate risk register and continue to provide updates to the Audit and Risk Committee (and all key stakeholders) as per normal requirements.

Also attached for information, is a copy of the original risk assessment undertaken for this project. It is intended that a review of this assessment will be undertaken as part of the implementation of these next steps.
