

Candidate Details

District	City of Fremantle
Candidate Name	Gemma HOHNEN
Ballot Paper Name	HOHNEN, Gemma
Nominating for	Councillor for Beaconsfield Ward
Election Type	Ordinary

HOHNEN, Gemma

I am a mum of two boys who attend a local primary school, an architecture professional and I care deeply about Fremantle's future and see huge potential to balance the beauty of our natural and built environments with more vibrancy, more businesses and more creative life in the city.

Issues that are important to me include ensuring our streets and suburbs are safe, and have pedestrian and bicycle friendly infrastructure; making sure developments are of a scale and style that allows more people the opportunity to live in Fremantle while maintaining our 'village' lifestyle, and pursuing strategies for a lower-carbon future.

I would bring diversity, professional experience, and community values to the role of Councillor. I believe in listening, understanding the community's aspirations and look forward to working with you to make decisions that deliver a sustainable future for our city.
