Nominating for	Councillor for City Ward
Election Type	Ordinary

PEMBERTON, Rachel

I love Fremantle and have lived here most of my life. I've seen our city change in many ways over the years, and I'm excited about our future.

As your local councillor for last eight years, I have proactively helped residents and businesses with issues and delivered outcomes that have helped reform and improve our city. I work constructively and collaboratively with the community and Council to get things done for our community.

I'm committed to reducing crime and antisocial behaviour in Fremantle and bringing more jobs and people to Fremantle through economic development and sensational events and festivals. I'm also committed to Council's One Planet principles, to reduce our environmental impact while enhancing social cohesion and community wellbeing.

I ask you to put your trust in me once again, so that I may continue to work for you and collectively deliver a more vibrant, sustainable, liveable and prosperous city.
