## GROOME, Su

I have lived in White Gum Valley with my partner Ian since 2012. I quickly became involved in the Precinct and other community activities and have been co-convening the Precinct since 2014. I would be honoured to serve as an East Ward Councillor, representing White Gum Valley and Gibson Park.

I have twenty years of experience as a business owner, general manager and executive leader, and have expertise in strategic planning, budget and risk management, architecture, urban planning, community development and community engagement.

If elected I will provide a pro-active voice on local issues that concern you, such as the impacts of the High St upgrades, traffic calming, verges, parks and trees, as well as development, growth and change. At the city-level, I will focus on sound financial management, excellence in service delivery, and supporting good planning and creative ideas for a sustainable and thriving Freo.
