<u>Definitions</u>						
 Process in relation to food, means activity conducted to prepare food for sale including chopping, cooking, drying, fermenting, heating, pasteurising, or a combination of these activities. Ready-to-eat food means food that is ordinarily consumed in the same state as that in which it is sold and does not include nuts totally enclosed in the shell or whole fruit and vegetables intended for further processing by the customer. High risk food means food that is frozen, requires refrigeration (below 5°C) or heating at high temperature to maintain food safety (above 60°C). Based means the base location of the food stall/business when it is not operating. That is where ever the stall equipment & shelf stable foods are stored; that is ones business or home address.

Temporary food stall requirements

Please detach these information pages & keep them for your reference

GENERAL

- 1. A food stall consists of a roof and three sides which are covered with plastic sheeting, vinyl or other approved material, or approved food vehicle.
- 2. Where a food stall is erected on unsealed ground, a suitable impervious material shall be laid over the ground area of the stall.
- 3. The food stall must be kept in clean and sanitary condition and all fixtures, fittings and equipment should be in good condition.
- 4. Animals must not be allowed in the food preparation area or service area at any time.

TRANSPORTATION & STORAGE

- 5. All food stuffs must be stored in sealed and labelled containers and be transported to the site in refrigerated vehicles, approved / insulated vehicles or, for small quantities (of approved food products only) in large eskies packed with ice, and be maintained at a temperature of less than 5°C.
- 6. Previously prepared hot foods must be stored in sealed containers and be transported in heated containers capable of maintaining the food at a temperature greater than 60°C.
- 7. Food not requiring refrigeration, such as fruit, bread and the like, must be stored in dust-proof containers.

PROTECTION OF FOOD

- 8. Raw and cooked foods must be stored and handled separately to prevent cross-contamination.
- 9. Disposable eating and drinking utensils only shall be used.
- 10. All food stored inside the stall shall be stored 750 mm clear of the ground and covered or in closed containers.
- 11. Food shall not be displayed so as to be openly accessible to the public. A physical barrier shall be provided by means of sandwich display type counters, Perspex glass sneeze guards or clear plastic siding to the stall.
- 12. All condiments such as sauce or mustard shall be contained in squeeze type dispensers or otherwise in individual sealed packs.
- 13. All disposable eating utensils shall be pre-wrapped in paper napkins, cellophane bags or similar material prior to distribution to the public. Drinking straws, paper cups, spoons etc. shall be enclosed in suitable dispensers or otherwise protected from contamination.
- 14. Tea, coffee, cordial or other beverages shall be dispensed from an enclosed or lidded receptacle equipped with a tap or spout.

WASHING FACILITIES

- 15. Separate hand washing facilities and utensil washing facilities shall be pro-vided within the stall (e.g. two plastic dishes of adequate size for cleaning hands and utensils) and a supply of water shall be immediately available to the food stall.
- 16. Single-use paper hand towels, liquid soap and detergent shall be provided in each food stall where washing facilities are located.
- 17. Food grade detergents and sanitisers should be used on all food contact surfaces.

FOOD TEMPERATURE CONTROL

- 18. All takeaway food prepared in the stall shall be for <u>immediate sale and consumption</u> unless a suitable food warmer or food display, maintaining the food at a temperature of at least 60°C (hot foods) or below 5°C (cold foods), is provided.
- 19. Pre-prepared food products or pre-cooked food consisting wholly or in part of fresh cream, custard, trifle, or any similar food which promotes bacterial growth shall not be sold from a one day food stall, unless stored or displayed under refrigerated conditions as prescribed in 5.1.
- 20. All raw food and perishable foods such as steaks, hamburger patties, Frankfurt's, shall be stored in a portable cooler together with an adequate supply of ice or a cooling medium.
- 21. The sale of pre-cooked chicken or pre-cooked chicken pieces or pre-cooked rice from a one day food stall is not permitted.
- 22. All food stalls must have a thermometer which is accurate +/- 1°C. The thermometer shall be cleaned and sanitised before use and in between uses on different foods, so as to prevent cross contamination.

COOKING

23. All heating and cooking equipment including open flames, barbeques and cooking plates shall be

- located within the stall or otherwise suitably protected from contamination.
- 24. Raw foods waiting cooking and foods which have been cooked shall not be displayed outside the stall. Raw foods waiting cooking shall not be stored or held outside the stall
- 25. The cooking area shall be kept free from dust-borne contamination and droplet infection (coughing, sneezing etc. by the public).
- 26. Cooking and heating equipment shall not be within reach of the public.
- 27. A fire extinguisher of adequate size shall be provided convenient to every stall where open flame cooking is carried out.
- 28. Where cooking is carried out, provision shall be made to protect the stall walls from heat, flame and splashing.

LABELLING

- 29. If any foods contain royal jelly, a warning statement must be included on the label.
- 30. There are no requirements to label foods sold at <u>fund-raising events</u> (other commercial temporary food premises at community events must adhere to the requirements of the *Food Standards Code*). However relevant information must be available to the public if any of the ingredients may cause allergic reactions. These ingredients include:
 - Gluten, a substance found in wheat, rye, barley, oats and spelt, and therefore present in foods made from these grains, such as flour
 - Fish, fish products, crustacean (shellfish) and products
 - Eggs and egg products, milk and milk products
 - Soya beans and products
 - Peanuts and products
 - Sesame seeds and products, and other nuts and products
 - Sulphites (a preservative)
 - Royal jelly (secretion from the salivary gland of bees)
 - Bee pollen (pollen collected from the legs of bees)
 - Propolis (a substance collected by bees)
- 31. If you wish to label foods sold at fund-raising events you can request a copy of the labelling guidelines from the City of Fremantle. It is recommended you include:
 - A description of the food, for example 'strawberry jam' or 'chocolate cake';
 - The name and address of the person or company who made the food, so that the maker can be traced if there is any problem with the food. A street address is needed, as a post office box cannot be traced:
 - A list of ingredients;
 - A 'best before' date to indicate how long the food will keep;
 - Any special storage conditions, for example 'keep refrigerated'.
 - A simple handwritten label is fine.

RUBBISH

- 32. Suitable garbage disposal receptacles shall be provided near the stall for the public to dispose of used takeaway food containers and the like.
- 33. Adequate arrangement shall be made for the storage and frequent removal of garbage generated inside and outside the food stall.

HYGIENE OF FOOD HANDLERS

- 34. All persons engaged within the temporary food premises shall:
 - be clean and of good health;
 - wear clean, light coloured clothing and a light coloured apron without pockets;
 - have hair tied back and wear clean hair covering (hat, hair net etc);
 - wash hands before starting work, after every break, always after visiting the toilet, after smoking, after touching their hair, face or body and when hands are unclean or contaminated with raw foods;
 - cover all cuts and burns on hands, arms and face with waterproof dressings (bright in colour);
 - not wear false fingernails or have nail polish on their fingernails and wear minimal jewellery;
 - not lick fingers when handling or wrapping food, nor blow into bags or use hands to open bags when serving food;
 - not cough or sneeze over food;
 - keep themselves and their working areas clean, neat and tidy;
 - not touch their hair, face or body whilst engaging in food handling; and
 - use clean tongs or similar implements when handling unwrapped food.
 - not smoke in or near the temporary food premises

PRE-PREPARED FOOD

35. Food preparation prior to the event must be undertaken in an approved food premises or approved residential premises. Further information can be obtained from the City on request.

I'm Alert food safety training

The City of Fremantle takes food safety and hygiene within our city very seriously. All food businesses have obligations to produce safe and suitable food and the <u>environmental health team</u> are assisting food businesses to meet these obligations by providing free access to this exciting new training tool.

There is a high demand for training in the food sector. This training will assist food handlers in developing the required skills and knowledge to ensure food is handled in a safe and hygienic manner.

The program is easy to follow, includes an entertaining presentation as well as interactive quizzes. A training acknowledgement form can be printed upon completion and be kept as a part of your staff records.

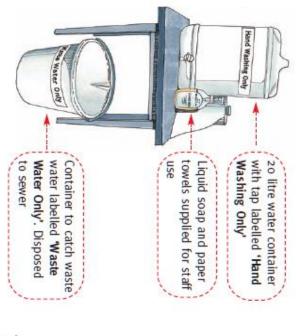

Visit www.fremantle.imalert.com.au to conduct the training now.

If further information is required on these requirements please visit www.foodstandards.wa.gov.au and refer to one of the following Food Safety Fact Sheets:
