## MOFFLIN, Frank

I love where I live and have been here, in Hilton, for 13 years. Along with my wife Jo, we have chosen to establish and raise our family of 3 young girls here and I want to represent you and our community.

I believe that communities are better places when we are connected, with each other, places and services. I will work hard to grow these connections in Hilton, O'Connor and Samson to make them better places to live.

I am invested in the future of Fremantle and want it to be the best it can be. As the inaugural Chair of the Fremantle College board I have represented the voice of the community to build a school which reflects its culture and ethos.

My passion for community engagement and significant corporate experience have equipped me with the skills to listen, understand and make things happen for our community.
