### ARMC2206-1 WALYALUP CIVIC CENTRE – UPDATE

<b>Meeting date:</b>	15 June 2022

<b>Decision making authority:</b>	Council
<b>Attachments:</b>	1. Risk Register Summary (June)
<b>Additional information:</b>	Nil

#### SUMMARY

**This report provides a summary update in respect to the construction contract works for the Walyalup Civic Centre.**

**The report includes an overview of risks or issues and provides a summary of costs as they relate to the building construction contract, this also includes costs and works associated with the Liquidation of Pindan Pty Ltd and the City's subsequent self-delivery of works.**

**This report recommends that Council note the update and the progress, management of any outstanding works and costs.**

#### BACKGROUND

The building reached Practical Completion in late October 2021, it subsequently opened to the public and commenced service delivery on 22 November 2021.

On 25 November a flooding incident occurred in the lower ground plant room area. The implications of this were significant and the building was subsequently closed to staff and the public until 6 December 2021. Rectification works were completed and the building reopened (back to its designed function) on 20 December 2021.

The building is still within the 12 months defect liability period.

#### FINANCIAL IMPLICATIONS

The City continues to manage costs associated with the delivery and reconciliation of the construction works via a 'Work Breakdown Structure' (WBS), within its financial system (Technology One).

Works relating to the flooding event are currently being finalised and are subject to an insurance claim. The value of works and remediation is now estimated at approximately \$166,789.

In terms of the construction contract, officers are still progressing through the final account / retention release process with contractors and suppliers.

The vast majority of contractors have had their final account and their first 2.5% retention release, the second 2.5% release is activated at the end of the subsequent 12 months defects liability stage.

The total value of contracted works spend is currently \$46,812,343, this is inclusive of adjustments and other additional works which are funded from separate budgets as per the breakdown below:

<b>Available Construction Budget (Building)</b> <i>(Financials as at 7 June 2022)</i>	<b>Budget</b>	<b>Actuals / Spend</b>	<b>Remaining</b>	
			<b>Outstanding</b>	<b>Retentions (to be paid from PBA)</b>
Initial Contract	\$ 41,461,128			
Contingency - 5% (\$600k Ddt'd - moved to Town Hall works)	\$ 1,500,000			
Changing Places (Grant)	\$ 150,000			
<b>Total</b>	<b>\$ 43,111,128</b>	<b>\$43,148,943</b>	<b>-\$37,815</b>	<b>\$ 652,332</b>
Liquidation / Insurance Bonds	\$3,600,000	\$3,321,510	\$278,490	
<i>Other bond (Street trees etc)</i>	\$96,000			
<b>Construction Works Budget</b>	<b>\$ 46,807,128</b>	<b>\$ 46,470,453</b>	<b>\$336,675</b>	
<b>Other Costs - (delivered by Contractors)</b>				
<i>Tenancy Fit out Works</i>	\$219,194	\$ 263,850	<b>-\$44,656</b>	
<i>Town Hall Basement waterproofing (blg maint')</i>	\$47,487	\$ 47,487	\$0	
<i>Kings sq paving inc William St link - (Eng Maint')</i>	\$30,553	\$30,553	\$0	
<i>Overall Payments</i>	<b>\$ 47,104,362</b>	<b>\$ 46,812,343</b>		

The City has paid no further retentions since the last summary report and currently holds \$652,332 in remaining retentions.

There is currently a \$336,675 positive balance against the building construction works budget.

**CONSULTATION**

The project team have continued to actively engage with key stakeholders through the delivery stage of the project.

## **OFFICER COMMENT**

### Tenancies

#### Visitor Centre:

- The facility opened to the public at the end of January 2022.

#### Newman Court (x2):

- Fit out works to the walls and floors complete – Officers are now procuring works for heating and cooling.

#### Level 3 / other areas:

- Officers have agreed essential terms for the prospective tenants for a portion of level 3; discussions are underway with prospective tenants for the level 2 area of the triangle and opportunities are being investigated for the remaining areas.
- Officers have submitted a funding request for works to these areas. This is proposed to turn the current 'cold shells' (no services or finishes) in to 'warm shells' (to include heating/cooling, lighting and floor finishes).

### Defects

Officers are finalising the last remaining defects; these are expected to be raised and reviewed through to the end of the defects period. The few outstanding defects are minor issues that do not affect building function, occupation, or use.

Officers also have some furniture replacements and improvements to address (mainly chairs and tables) with the suppliers – this is a separate contract from the construction works.

It should be noted that there are continuing challenges in addressing the above defects as a result of COVID (labour, travel, and supply chain implications).

Final payments and retention monies are being withheld until works are completed to both the Architect and City's satisfaction.

### Flooding Incident

Further to the flooding event of 25 November 2021, officers have completed the rectification works.

The adjuster has authorised an interim payment of \$47,604.63, further information has been requested detailing consultants and sub-contractor activities and contracts. This information has been provided and the City anticipates an update in respect to a date for the balance of payment shortly.

Officers have programmed the mitigation works to better manage the risk of another failure and subsequent flood.

The above improvement works are being progressed, unfortunately COVID and supply chain issues have delayed immediate completion of some of the works.

Green Mark Engineering have reviewed and are satisfied with the proposed mitigation strategies and proposed improvements. It is currently anticipated that Green Mark Engineering will return to carry out an overflow stress test and provide a final close out report around the end of July.

## **ARMC2206-3 OVERDUE DEBTORS REPORT AS AT 30 APRIL 2022**

<b>Meeting date:</b>	15 June 2022
<b>Responsible officer:</b>	Manager Financial Services
<b>Decision making authority:</b>	Council
<b>Attachments:</b>	1. Summary of Overdue Debts above Threshold (Confidential attachment under separate cover)
<b>Additional information:</b>	Nil

### **SUMMARY**

**This Overdue Debtors Report, with confidential attachment, is provided to the Audit and Risk Management Committee to report details of overdue debts, as at 30 April 2022, and identify those where the amount owing over 90 days exceeds \$10,000.**

**This report recommends that Council receive the Overdue Debtors Report and acknowledge the overdue debts exceeding 90 days that have a combined value greater than \$10,000 as at 30 April 2022.**

### **BACKGROUND**

This report provides the Audit and Risk Management Committee the following information in relation to overdue debtors:

- The amount of total debt outstanding for the period aged from current to over 90 days overdue with a comparison to the same period for the previous year.
- All records of the uses of delegated authority, to waive or write off debts valued at \$1,000 or above.
- A confidential report containing the individual debtor information in relation to the outstanding debts exceeding 90 days with a combined value of debt, by debtor, exceeding \$10,000.
- The Debtor Day Ratio, being the average number of days taken for the City to receive payment from its customers for invoices issued to them.

### **FINANCIAL IMPLICATIONS**

It is a requirement that annual financial statements include an allowance for impairment of receivables owed to the local government to be recognised as a cost to the budget in the year in which the impairment is made.

As at the year ending 30 June 2021 an amount of \$170,969 was held as an allowance for impairment of receivables. As at 30 April 2022, the current allowance held as impairment is \$168,935 with one debt being written off to date in the 2021/22 financial year.

During this financial year the following reportable write-offs and waivers have been processed against this account:

Total Write-offs	\$ 2,034
Total Waivers	<u>nil</u>
<b>Total</b>	<b>\$2,034</b>

Since the last report, no further waivers or write-offs by officers for debts valued at \$1,000 or above have occurred.

**LEGAL IMPLICATIONS**

Section 6.12 (1) (c) of the *Local Government Act 1995* provides authority for the Council to write off outstanding monies.

In accordance with section 5.42 and 5.44 of the *Local Government Act 1995* the following delegated authority applies:

- The Chief Executive Officer has delegated authority to write off debts (not including rates or infringement) considered unrecoverable up to \$50,000 per account where, in the opinion of the Chief Executive Officer, all other reasonable avenues of recovery have been exhausted.
- Directors and Managers have various sub-delegated authority to write off debts (not including rates or infringement) considered unrecoverable up to \$20,000 per account where, in the opinion of the Director or Manager, all other reasonable avenues of recovery have been exhausted.

All records of the uses of this delegated authority, to waive or write off debts valued at \$1,000 or above, per debtor, must be reported to the Audit and Risk Management Committee.

Any amount more than \$50,000 is to be written off by Council resolution. A Council resolution authorising the write-off of any bad debt does not prevent Council from reinstating the debt if the future circumstances change and the debt becomes collectable.

**CONSULTATION**

**OFFICER COMMENT**

The total of debts outstanding as at 30 April 2022 was \$1,172,048. A breakdown of aged debt for the current period compared to prior year is tabled below.

<b>Period</b>	<b>Current (&lt;30 Days)</b>	<b>30-59 Days</b>	<b>60-89 Days</b>	<b>90+ Days</b>	<b>Total</b>
July 21 – April 22	23%	25%	11%	41%	100%
	266,854	300,868	128,374	475,952	1,172,048
July 21 – April 22 Excl. Commercial Properties	22%	13%	21%	44%	100%
	120,694	71,185	110,177	234,694	536,750
July 20 – April 21	533,949	109,113	55,456	613,720	1,312,238

The graph below shows the aged debt balances as at 30 April 2022:

Compared to the report of overdue debtors as at 28 February 2022, presented to Audit and Risk Management Committee at the 20 April 2022 meeting, the total value of outstanding debtors has increased by \$169k. However, the total debt of \$1,172k at 30 April 2022 is \$140k lower than at the same time last year.

Outstanding debt over 90 days has increased from \$456k at the end of the previous reporting date to \$475k. Officers continue to work with debtors to explore options for improving rates of repayment.

The number of overdue debtors over 90 days, and above the total debt reporting threshold of \$10,000, has reduced from 8 to 7. These debtors have a total value owing of \$427k, of which \$396k is over 90 days. The confidential attachment contains details of debtors comprising this balance. Of the total outstanding, \$20,937 is deferred and subject to an agreed payment arrangement to secure payment in full by 30 June 2023.

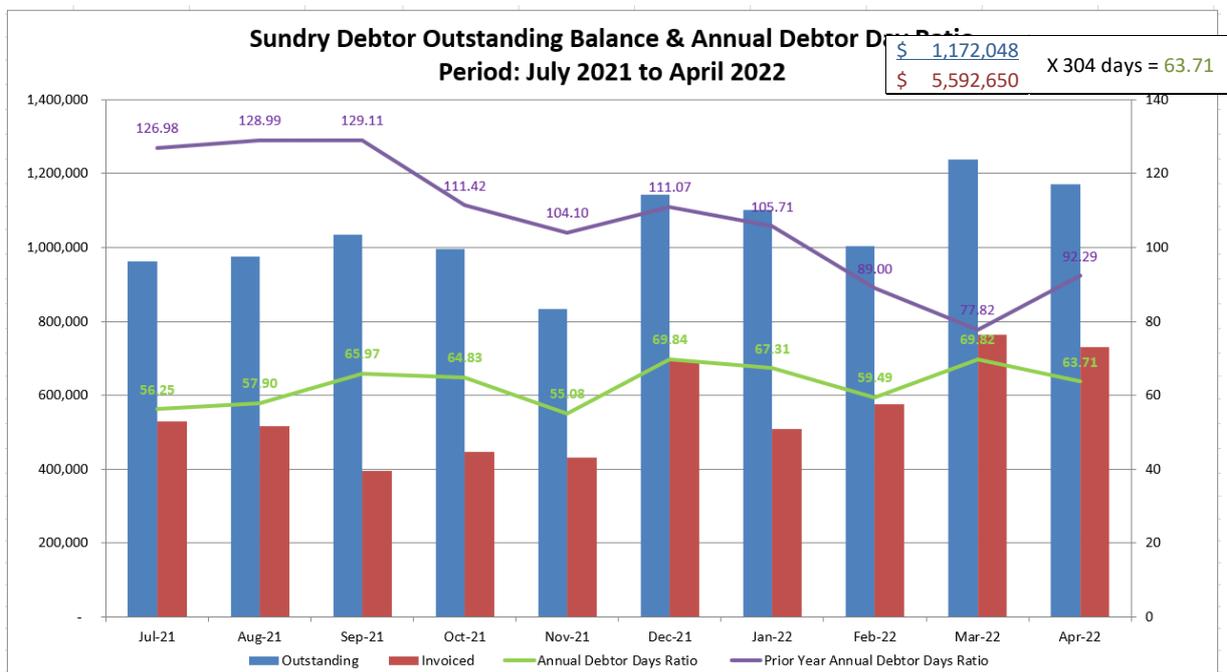

**Debtors Outstanding**

The Debtor Day Ratio measures how quickly cash is being collected from debtors. The longer it takes for an organisation to collect, the greater the number of debtor days.

The calculation of the ratio considers the total amount outstanding at the end of the period over the total amount invoiced to that period for the financial year by the total number of days from 1 July to the end of the period. See calculation in the graph below.

Prior financial year information is presented together with the current financial year as a comparative to demonstrate the City’s ability to collect funds owed to the City when due.

At 1<sup>st</sup> July 2021, \$892,055 of invoices raised prior to 2021/22 were outstanding resulting in outstanding debt exceeding the amount invoiced during July 2021.

As at 30 April 2022, the Debtor Day Ratio was 63.71 – being a slight increase from the prior reporting period two months ago. Of outstanding debt, 23% related to current invoices that were not yet due.

## Key Performance Indicators

The Audit and Risk Management Committee recommended performance measures be developed to show a reporting date 'snapshot' of debt collection performance.

Internal debt management procedures have been reviewed resulting in officers engaging with debtors earlier where an amount is considered to have an increased risk of default. Upon review of debt levels over prior financial years, officers recommend the following key performance targets to show the distribution of aged debtors that the City is aiming for:

	Key Performance Targets				
Age of Debt	Current	30-59 Days	60-89 Days	90 Days or more	Total
Target	80% or more	no more than 10%	no more than 5%	no more than 5%	100%

The following table reports the City's debtor portfolio against these key performance targets as at April 2022:

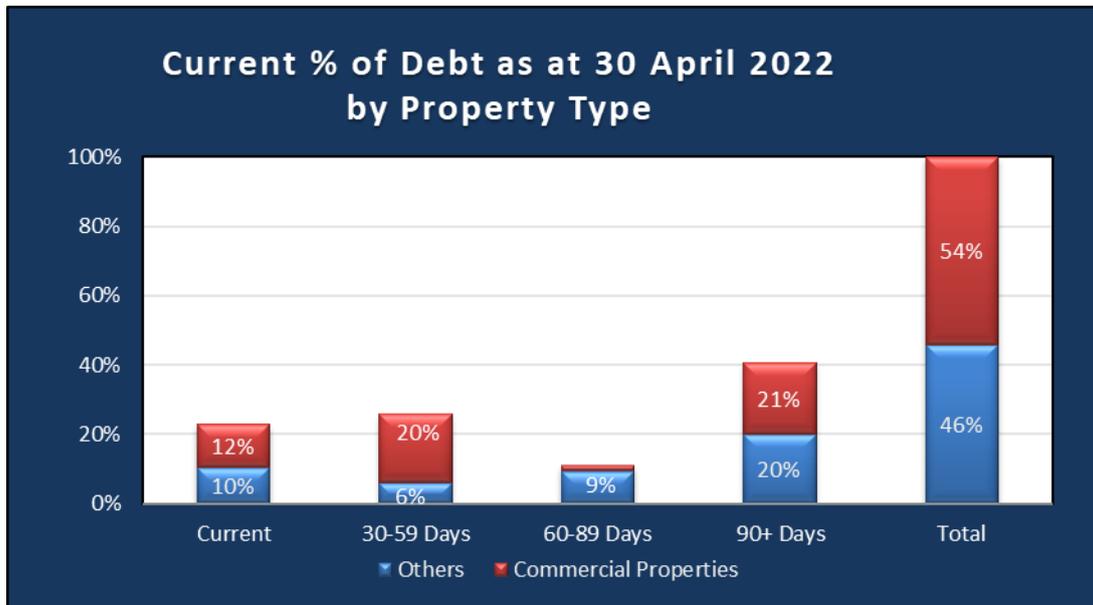

As at 30th April 2022					
Aged Debt Category	Current	30-59 Days	60-89 Days	90+ Days	Total
Target % of Dbt	80%	10%	5%	5%	100%
Current Value of Debt	266,854	300,868	128,374	475,952	1,172,048
Current % of Debt	22.77%	25.67%	10.95%	40.61%	100.00%
Target Met  / Not Met 					

For the last two reporting periods, the percentage of debt that was 'current' held steady at around 40%. However, this reporting period has seen a sharp decrease of debt in this bracket to just 23%, with the overall debt portfolio concentrating in the 30-59 days bracket.

Meanwhile, we have seen the percentage of debt that is outstanding 90 days or more slightly decline – down from 45% in the last reporting period to 41% at the end of April 2022. This debt bracket is slowly shifting up to the 60-89 days bracket, which stands at 11% at the end of April, compared to just 4% in the last reporting period.

The Current Value of Debt by Age category is shown in the graph below, split between Commercial Properties and Other (non-Commercial) Property Types:

Of total overdue debt, Commercial Properties account for 54% (\$635k), and account for 21% of the debt owing 90 days or more (\$241k). Deferred payment arrangements are currently in place for \$20,937 of total overdue Commercial Property debts.

City officers continue to liaise with all commercial tenants to provide assistance, including payment arrangements, where appropriate.

### **Impact of COVID on Commercial Property**

In response to COVID-19, the State Government created legislation and guidelines aimed at protecting commercial tenants who may have been subject to financial duress as a result of the pandemic.

The City adhered to the legislation and guidelines in order to support its commercial tenants and opted to provide rent waivers in cases where tenants could demonstrate financial loss as a result of COVID-19.

During the emergency period (April 2020 – September 2020) landlords were required to provide waivers of up to 100%. The waivers during this period were to be provided commensurate with any loss that could be demonstrated by the business as a result to COVID-19.

During the recovery period (October 2020 – March 2021) landlords were required to provide waivers up to 50%. The waivers during this period were to be

provided commensurate with any loss that could be demonstrated by the business as a result to COVID-19.

As at 1 April 2021 all COVID-19 waiver arrangements came to an end and 100% of normal rent is now payable.

The total amount waived for commercial properties relating to COVID-19 during both the emergency period and recovery period was **\$656,975**.

After waivers the City invoiced a total of **\$492,579** for commercial properties.

To date, of the \$492,579 only **\$20,937** remains outstanding a reduction, since the prior reporting period, of \$1,258 (0.26%), with all debtors currently successfully paying this back via direct debit arrangements.

## **ARMC2206-5 INFORMATION REPORT – JUNE 2022**

### **STATUS REPORT OF COUNCIL MOTIONS – 1 DECEMBER 2021 TO 31 MAY 2022**

<b>Responsible officer:</b>	Manager Governance
<b>Attachments:</b>	1. Status Report of Council motions – 1 December 2021 to 31 May 2022
<b>Additional information:</b>	Nil

Best practice principles support the recording and reporting of actions taken on Council decisions to ensure they are implemented, and that the actions are completed in a timely manner.

Where possible, Council decisions are actioned as soon as practicable after a Council meeting; however, there are projects or circumstances that mean some decisions take longer to implement than others. The City keeps a register of all final decisions made at Council and Committee meetings.

The City's motions register does not capture ongoing progress of projects and related activities, only how the initial decision has been, or will be, actioned. For instance, the register will record the adoption of a plan and the actions needed to disseminate and publish that plan, however the register will not include how the actions included in the plan are implemented, only that the plan was adopted appropriately.

The attached register excerpt provides the status of the actions taken by responsible officers in response to all final decisions of council. It has been organised into separate parts for ease of understanding and reference, as attached:

#### **Part 1. Motions incomplete and ongoing in reporting period**

The motions included in this section are those decisions that have not yet been fully actioned. Progress comments or explanations are provided.

#### **Part 2. Development Application motions completed in reporting period**

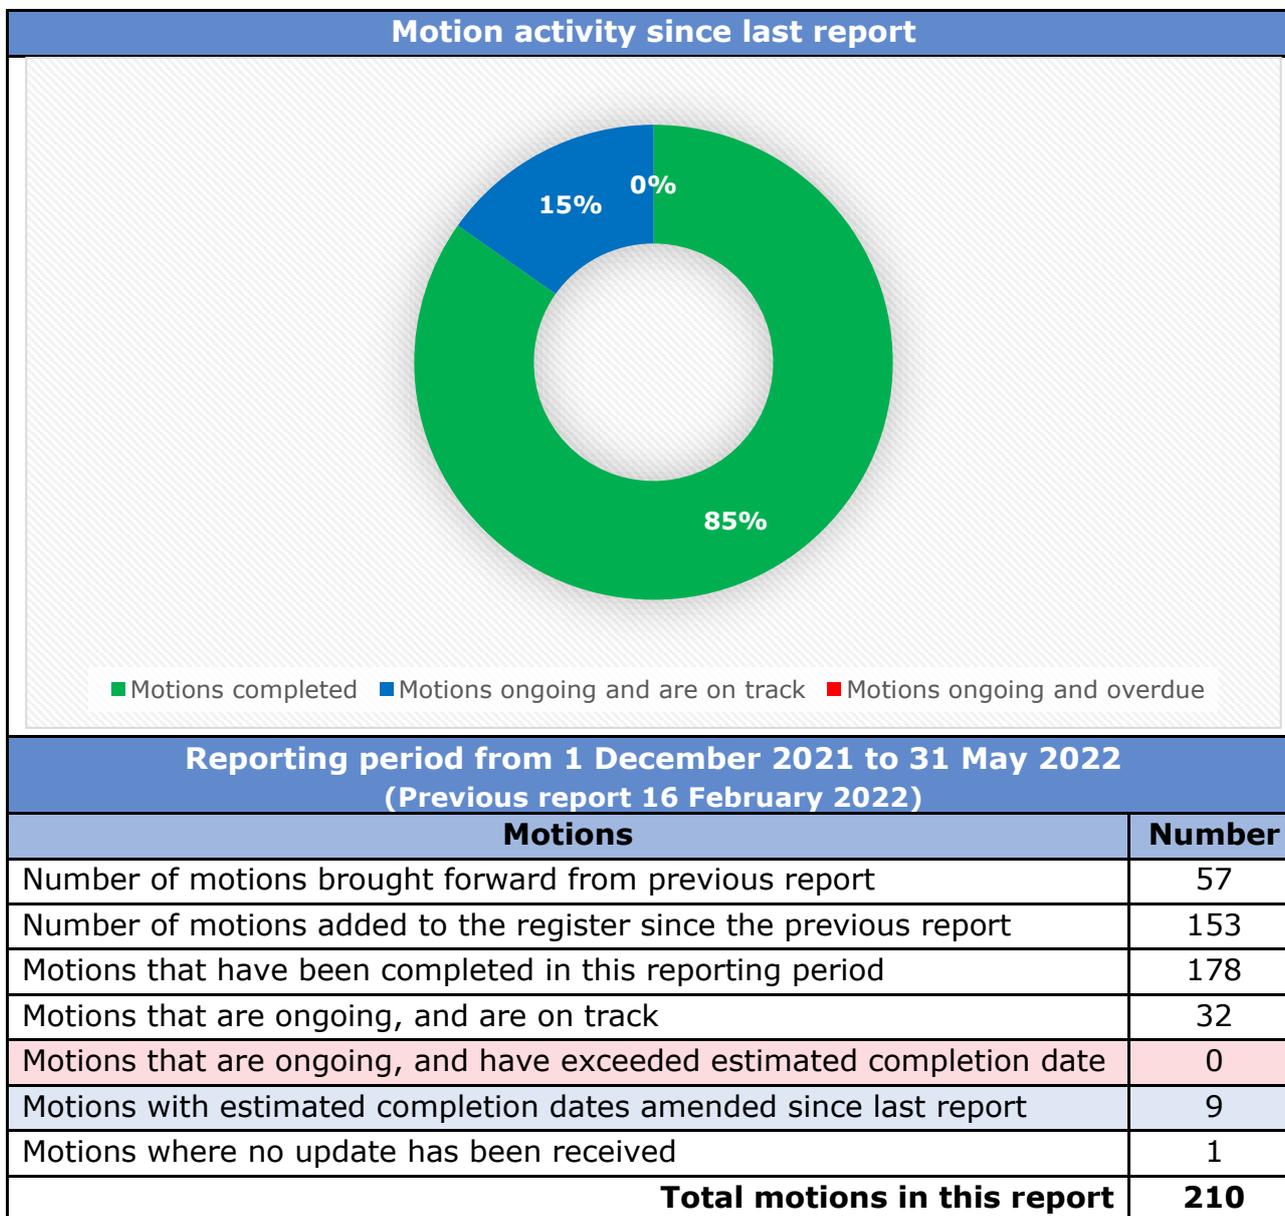

The motions included in this section are those decisions about Development Applications (DA's) that have been completed. They have been grouped for ease of reference only.

#### **Part 3. Motions other than DA's completed in reporting period**

The motions included in this section are all other decisions made by Council (except DA's that have been completed, captured above at part 2).

#### **Part 4. Motions where no action was required in reporting period**

The motions included in this section are from those reports that were provided to Council for information only.

This report presents the City's central register that captures the progress of all recommended actions agreed to be undertaken by the City as suggested or recommended in an audit or review report.

When an item is given a rating (as agreed by the City) of "high" or "extreme", the item will be added to the Corporate Risk Register.
