Meeting date:	18 March 2024
Responsible officer:	Manager Governance
Voting requirements:	Simple Majority
Attachments:	<ol style="list-style-type: none">1. Quantum Assurance Report and Appendix2. 2023 Compliance Audit Return - Draft

SUMMARY

The 2023 Compliance Audit Return (CAR) has been completed by the City of Fremantle, with the assistance of an independent auditor, and is presented to Council for adoption in accordance with regulation 14 of the *Local Government (Audit) Regulations 1996*.

This report recommends that Council adopt the 2023 Compliance Audit Return as shown in Attachment 2, and note that the Mayor and the Chief Executive Officer will certify the return before it is submitted to the Department of Local Government, Sport, and Cultural Industries by 31 March 2024.

BACKGROUND

In accordance with regulation 14 of the *Local Government (Audit) Regulations 1996*, each local government authority is required to carry out a compliance audit for the period 1 January to 31 December of each year and submit it to the Department of Local Government, Sport, and Cultural Industries (the Department) by 31 March.

The City engaged Quantum Assurance as an independent auditor to assist with the completion of the 2023 Compliance Audit Return (CAR) after being appointed by Council at the Ordinary Meeting of Council on 20 December 2023.

The 2023 CAR contains 94 questions focusing on the local government's compliance with the requirements of the *Local Government Act 1995* (the Act) and associated regulations, in relation to the following matters:

- Commercial Enterprises by Local Governments
- Delegation of Power/Duty
- Disclosure of Interest
- Disposal of Property
- Elections
- Finance

**Minutes – Audit and Risk Management Committee
18 March 2024**

- Integrated Planning and Reporting
- Local Government Employees
- Official Conduct
- Tenders for Providing Goods and Services
- Optional Questions

Under regulation 14 (3A) of the *Local Government (Audit) Regulations 1996*, the Audit and Risk Management Committee is required to review the CAR and make recommendations to Council on any action required in response to the audit findings. The Council are required to adopt the CAR prior to it being submitted to the Minister for Local Government before the deadline of 31 March 2024.

FINANCIAL IMPLICATIONS

The expenditure associated with the annual Compliance Audit Return was included in the 2023/2024 Budget.

LEGAL IMPLICATIONS

In accordance with section 7.13(1)(i) of the *Local Government Act 1995* and regulations 13, 14 and 15 of the *Local Government (Audit) Regulations 1996*, local governments are required to carry out an audit of compliance for the period 1 January to 31 December each year.

Following preparation of the return a local government is to:

- a. Review the audit report at its audit committee,
- b. Present the audit report to council,
- c. Adopt the audit report, and
- d. Record the audit report in the minutes of that meeting.

The return is to be signed by the Mayor and Chief Executive Officer before it is submitted, with a copy of the relevant section of the minutes of the meeting at which it is adopted, to the Department of Local Government, Sport and Cultural Industries by the 31 March following the period to which the return relates.

CONSULTATION

In January and February 2024, Quantum Assurance's auditor consulted relevant City officers seeking responses and supporting documentation to verify those responses in relation to the questions asked in the CAR. The information was reviewed by the independent auditor and used in the development of the auditors quality assurance review report, as shown in **Attachment 1**.

OFFICER COMMENT

Quantum Assurance’s auditor met with relevant City officers to review each of the 94 questions contained within the CAR and examined supporting documents to verify responses, as provided in **Attachment 1**.

Of the 94 questions contained within the 2023 CAR, 1 non-compliance was identified, as shown in the following table:

Reference	Question	Explanatory Notes
<p>Disclosure of Interest – Question 5</p> <p>The Act s5.76 Admin Reg 23, Form 3</p>	<p>Was an annual return in the prescribed form lodged by all relevant persons by 31 August 2023?</p>	<p>1 x form was submitted late (22/09/2023) in the Attain (financial disclosures) system that the City uses due to admin error, resulting in the officer not being prompted to submit the Annual Return form. The error has been rectified and processes have been updated to ensure a manual check occurs prior to 31 August. The breach was reported to the Corruption and Crime Commission and the Department, with no action taken.</p>

The matter identified as non-compliant in the CAR will be monitored by officers and improved procedures will be followed to ensure compliance. Quantum Assurance did not provide further recommendations for the City of Fremantle, rather commending improved processes, under separate cover.

The City has achieved a 98% compliance rating for the period covered by the 2023 CAR. This compares with the 90% compliance rating in the 2022 CAR, and 95% in 2021. The 2023 questions did not alter from the previous year, apart from the following questions, which the City is compliant with:

Not included in the 2023 CAR: *"Did the local government approve a process to be used for the selection and appointment of the CEO before the position of CEO was advertised?"*

Response: Yes, approved on 21 April 2021.

New Addition in the 2023 CAR (previously combined with Official Conduct question 2): *"Does the complaints register include all information required by section 5.121(2) of the Local Government Act 1995?"*

Response: Yes.

The City uses the CAR each year as an opportunity to review and identify processes improvement opportunities, that may assist the City to avoid potential non-compliance in the future. In addition to this, officers are exploring options to implement an ongoing internal audit process that will monitor and track compliance throughout the year and assist with continuous improvement.

ARMC2403-05 OVERDUE DEBTORS REPORT AS AT 29 FEBRUARY 2024

Meeting date:	18 March 2024
Responsible Officer:	Manager Financial Services
Voting requirements:	Simple Majority
Attachments:	Nil
Confidential Attachments:	1. Summary of Overdue Debts above Threshold

SUMMARY

This Overdue Debtors Report, with confidential attachment, is provided to the Audit and Risk Management Committee to report details of overdue debts, as at 29 February 2024, and identify those where the amount owing is over 90 days with a total debt exceeding \$10,000.

This report recommends that Council receive the Overdue Debtors Report and acknowledge the overdue debts exceeding 90 days that have a combined value greater than \$10,000 as at 29 February 2024.

BACKGROUND

This report provides the Audit and Risk Management Committee the following information in relation to overdue debtors:

- The amount of total debt outstanding for the period aged from current to over 90 days overdue with a comparison to the same period for the previous year.
- All records of the uses of delegated authority, to waive or write off debts valued at \$1,000 or above.
- A confidential report containing the individual debtor information in relation to the outstanding debts exceeding 90 days with a combined value of debt, by debtor, exceeding \$10,000.
- The Debtor Day Ratio, being the average number of days taken for the City to receive payment from its customers for invoices issued to them.

FINANCIAL IMPLICATIONS

It is a requirement that annual financial statements include an allowance for impairment of receivables owed to the local government to be recognised as a cost to the budget in the year in which the impairment is made.

As at the year ending 30 June 2024 an amount of \$160,937 is held as an allowance for impairment of sundry receivables. There have been no waivers or debt written off for the 2023/24 financial year.

Summary of Sundry Debtors

There have been no Sundry debts waived or written off during the 2023/24 financial year.

Summary of Rates Debtors

There have been no Rates debts waived or written off during the 2023/24 financial year.

LEGAL IMPLICATIONS

Section 6.12 (1) (c) of the *Local Government Act 1995* provides authority for the Council to write off outstanding monies.

In accordance with section 5.42 and 5.44 of the *Local Government Act 1995* the following delegated authority applies:

- The Chief Executive Officer has delegated authority to write off debts (not including rates or infringement) considered unrecoverable up to \$50,000 per account where, in the opinion of the Chief Executive Officer, all other reasonable avenues of recovery have been exhausted.
- Directors and Managers have various sub-delegated authority to write off debts (not including rates or infringement) considered unrecoverable up to \$20,000 per account where, in the opinion of the Director or Manager, all other reasonable avenues of recovery have been exhausted.

All records of the uses of this delegated authority, to waive or write off debts valued at \$1,000 or above, per debtor, must be reported to the Audit and Risk Management Committee.

Any amount more than \$50,000 is to be written off by Council resolution. A Council resolution authorising the write-off of any bad debt does not prevent Council from reinstating the debt if the future circumstances change and the debt becomes collectable.

OFFICER COMMENT

The total of debts outstanding as at 29 February 2024 was \$1,148,339. A breakdown of aged debt for the current period compared to prior year is tabled below.

Dec 23 – February 24	49%	9%	7%	35%	100%
	560,984	103,893	80,478	402,983	1,148,339
Dec 23 – February 24 Excl. Commercial Properties	80%	11%	5%	4%	100%
	359,834	49,459	23,075	18,398	450,766
Dec 22 - February 23	359,824	44,284	59,836	388,555	852,499

The graph below shows the aged debt balances as at 29 February 2024:

Compared to the report of overdue debtors as at 30 November 2023, presented to Audit and Risk Management Committee at the 11 December 2023 meeting, the total value of outstanding debts has increased slightly from \$1,037,954 to \$1,148,339.

Total outstanding debt over 90 days has increased from \$305,572 at the end of the previous reporting date to \$402,983.

The number of overdue debtors over 90 days, and above the total debt reporting threshold of \$10,000, has remained at five. Of the five reported, two debtors have decreased and one has increased values of debt since the prior reporting period.

These five debtors have a total debt owing of \$242,865 of which \$240,365 is over 90 days. The confidential attachment contains details of the debtors comprising this balance.

Key Performance Indicators

When determining status or risk associated with outstanding debtors, officers typically consider and assess the following metrics:

- Total amount of outstanding debt
- Age of outstanding debt (and value of that debt)
- Frequency of payment of outstanding debt
- Outstanding debt per individual debtor
- Outstanding debt per type of debtor

Officers consider all of these metrics alongside each other as well as the debtor day ratio to assist in providing an overarching assessment of general performance of outstanding debtors. The debtor day ratio measures how quickly cash is being collected from debtors regardless of the level of total outstanding amount of debt or the type of debt, allowing for a consistent metric that will identify periods where debtors are taking longer to pay down outstanding debt.

A number of metrics have been provided to follow that provide an initial snapshot of performance and or status of outstanding debtors to follow.

Debtor Day Ratio

The Debtor Day Ratio measures how quickly cash is being collected from debtors. The longer it takes for an organisation to collect, the greater the number of debtor days.

The calculation of the ratio considers the total amount outstanding at the end of the period divided by the total amount invoiced to that period for the financial year. This is then multiplied by the total number of days from 1 July to the end of the period. See calculation in the graph to follow.

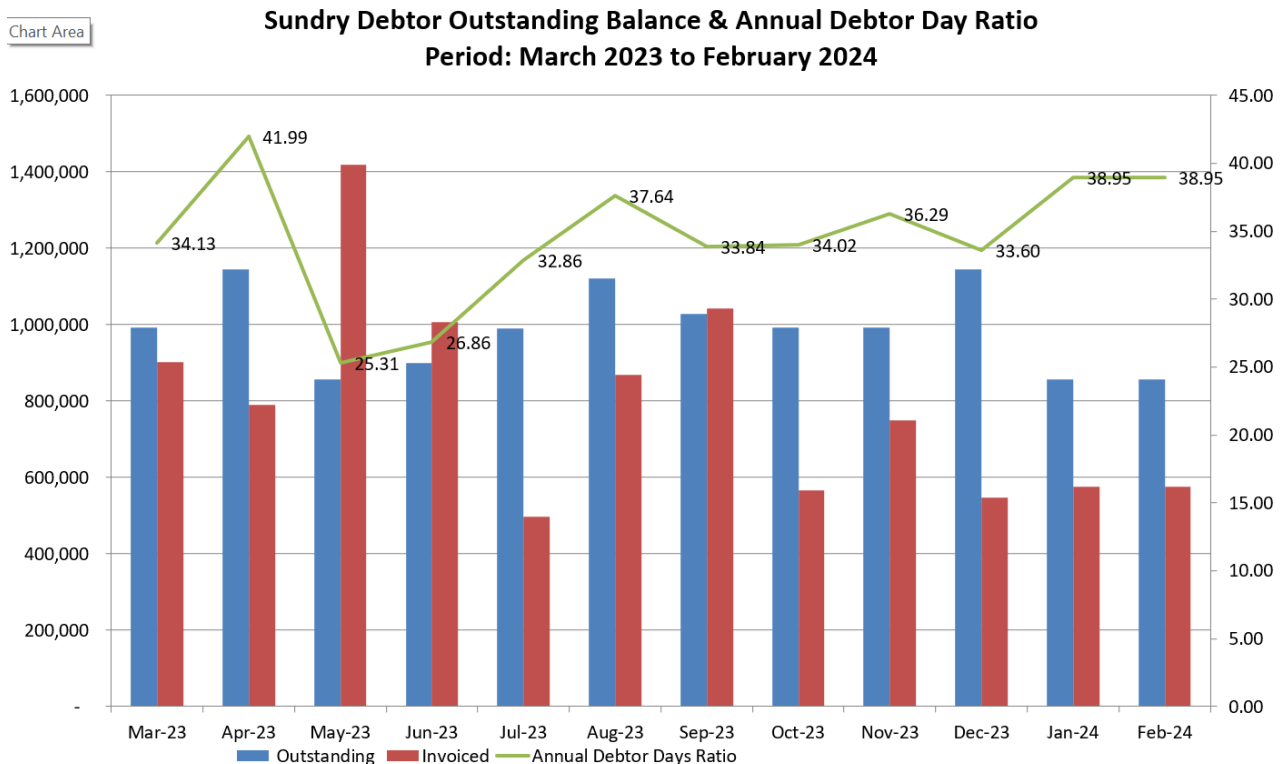

Prior financial year information is presented together with the current financial year as a comparative to demonstrate the City's ability to collect funds owed to the City when due.

As at 29 February 2024, the Debtor Day Ratio was 38.95 – being a decrease from the prior reporting period as at November 2023 of 36.29.

The chart to follow indicates the debtor days over the last 12 months. Of the 12 months, 11 months are below 41 debtor days. This indicates that the overall debt collection policy is effective in containing debtor days. Additionally, on occasions that the debtor days rise it is brought back down in subsequent months.

Notwithstanding this containment below 41 days, debtor days have been trending upwards since May 2023 and officers are now reviewing this data to consider any intervention required to arrest this upward trend.

Age of Debt

The rolling 12-month Average for debt in each age category is shown in the graphs to follow for Commercial and Other (non-commercial) debt. These graphs show the 12-month average as at each point in time, to provide a view of the trend of the City’s aged debt portfolio.

As per the monthly rolling average chart for commercial, the portion of debt that is current was 37% as at February 2024. The portion of debt that is over 90 days has remained steady over time but has slightly increased in February 2024. This currently includes debts associated with 2 commercial property debtors carrying a significant portion of the outstanding debt. This represents a positive trend and indicates an increasing percentage of debt being paid earlier. The portion of debt in the 30-59 days and 60-89 days has not significantly changed.

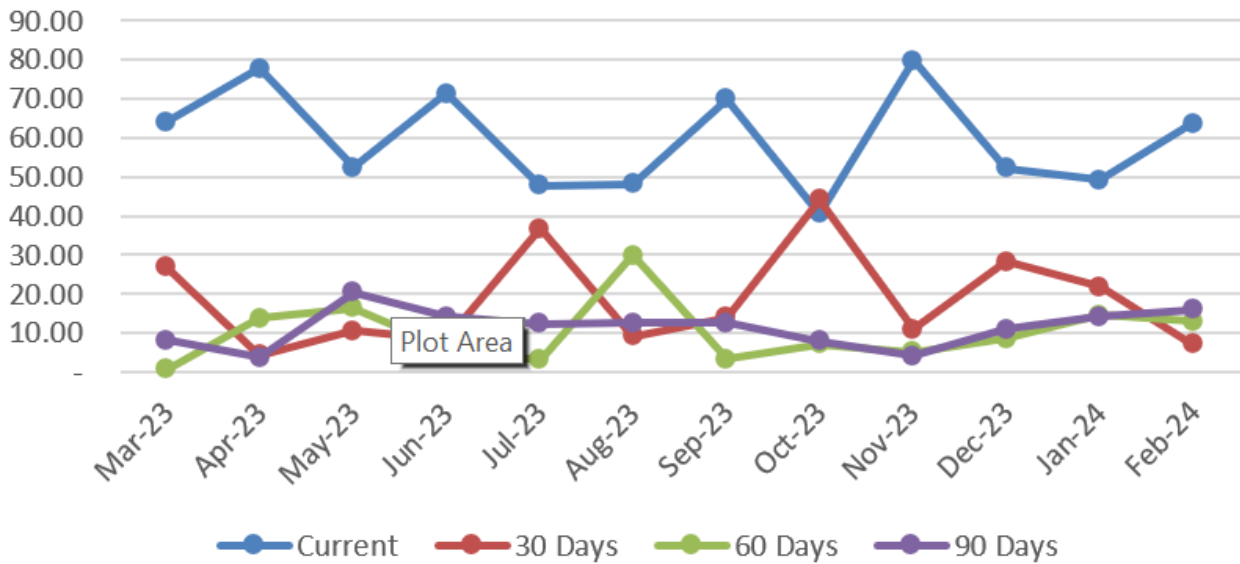

For other (non-commercial) debt, current debt remains the category with the highest amount outstanding. All other categories remain much lower than the current trend line. This indicates a high proportion of debts being collected in a timely manner.

Other (Non-commercial) Age of Debt - monthly rolling average

The Current Value of Debt by Age category is shown in the graph to follow, split between Commercial Properties and Other (non-Commercial) Property Types:

Of total debt, Commercial Properties account for 20% (\$235K) of Current debt, and account for 50% of the debt owing 90 days or more (\$320K).

City officers continue to liaise with all commercial tenants to provide assistance, including payment arrangements where appropriate.

Impact of COVID on Commercial Property

As at 1 April 2021 all COVID-19 waiver arrangements came to an end and 100% of normal rent became payable.

The total amount waived for commercial properties relating to COVID-19 during both the emergency period and recovery period was \$656,975.

After waivers the City invoiced a total of \$492,579 for commercial properties.

To date, of the \$492,579 only \$7,090 remains outstanding. This is a reduction from the prior reporting period of \$3,776 with all debtors currently paying their debts progressively via direct debit arrangements.

Rate Exemption Approvals

Under the provisions of Section 6.26 of the Local Government Act 1995 the following properties were granted approval for rate exemptions:

- 24 High St, Fremantle PID 298 – Edmund Rice Services (partially leased to Tuart Place) – S6.26(2)(g) – charitable purposes – awaiting sub values from Landgate to determine partial rates exemption to be applied.
- 223 High St, Fremantle – PID 1363 – Baldrick Pty Ltd (partially leased to Christian Brothers College) – S6.26(2)(f) – Non Government School - awaiting sub values from Landgate to determine partial rates exemption to be applied.
