COOK, Steve

My goal is to deliver great outcomes for Fremantle.

As a resident of 30 years and more particularly North Ward for the past 12, I am more positive than ever that the city has an exciting future as a place to live, jobs creator and a great experience for our visitors and tourists. Office developments are near completion and the hospitality sector is growing with some fabulous new cafes, restaurants & bars. Whilst the outlook is good, my concerns are; funds management, the real job of service delivery to the community, issues arising from public housing in the ward, community safety, coastal restoration and transport issues.

I have a background in business and commerce and am an active committee member of Fremantle Mosman Park Cricket Club and I welcome residents to the Gil Fraser Reserve clubhouse during the summer months to enjoy the amenity and discuss any local issues.
