

No more up-front payments ✓ Direct-debit payments for all swim programs ✓ [Book here](#)

Great news! No more up-front swim program payments in 2021!

All current **TERM** swim programs (Aquababies, Adults, Youth Swim, Teen Swim, Junior Lifeguard Club) will become **ONGOING** swim programs next year. This means your payment method will change from an up-front term payment to an ongoing direct debit payment (charged fortnightly).

Going forward, your children will only be taken out of a class if we receive a [cancellation form](#). No need to re-book at the start of each new term! Students in all programs will remain booked into their class term-term, unless you cancel them out. To view our 2021 term dates and direct debit dates, [click here](#).

[Online enrolments](#) for Term 1 2021 open at 9:00am on Friday 18 December. To set up your direct debit fortnightly payments, **book in online as normal** by selecting your preferred class and paying with a credit card. An option will pop up to use this payment method for your ongoing direct debit, or you can use your bank account details.

Aquababies Level Progression:

Aquababies will progress through levels as per their age, rather than at the end of a term. Our On-deck Officers will speak to you on pool deck when these changes need to happen.

For any further information please contact our team on 94329527.

Thank you for your ongoing support!
