VUJCIC, Marija

My name is Marija Vujcic and I'm a passionate community advocate and long-time South Freo local resident. I am seeking your vote to be elected on council to represent the South Fremantle Ward.

Having a proven track record of standing up for South Freo issues across two local elections; I know that this time with your support we can truly make a difference.

I am campaigning for a vibrant and inclusive South Fremantle community, bustling with business activity and strong resident participation.

My key election policies are: removal of the speed bumps on South Terrace; 0% rate increase in 2020/21; increased CCTV, improved lighting to reduce after hours car damage, and anti-social behaviour. My career experience includes education, small business and now business consulting in the resources industry.

To me, genuine local representation is what really matters! If elected, I will be your voice on Council.
