

**Supply and Delivery of One (1)  
Bitumen Patching Truck  
FCC668/24**

The City of Fremantle requires the supply and delivery of one new Bitumen Patching Truck fitted with a Flocon HDCC4 body.

These vehicle specifications have been designed to ensure suitability for the required tasks, durability, and compliance with operational needs.

In alignment with the City of Fremantle's commitment to sustainability and reducing its environmental footprint, the City is also seeking pricing for an alternative to the standard internal combustion engine (ICE) truck with equivalent specifications. This includes the provision of hybrid or fully electric models, hydrogen-powered vehicles and other relevant proven technologies, offering lower emissions and energy efficiency. While this option will be considered separately from the primary tender requirements, the City reserves the right to select and procure this alternative at its discretion, if deemed to better serve long-term operational goals and environmental objectives.
