## 7. REPORTS AND RECOMMENDATIONS

Cr Doug Thompson arrived at 5:34 pm prior to consideration of the following item.

### ARMC2001-1 ANNUAL FINANCIAL STATEMENTS - 2019

<b>Meeting date:</b>	13 January 2020
<b>Responsible officer:</b>	Manager Finance
<b>Decision making authority:</b>	Council
<b>Agenda attachments:</b>	<ol style="list-style-type: none"><li>1. Independent auditor's report for the year ending 30 June 2019</li><li>2. Audited financial report with full set of financial statements for year ending 30 June 2019</li></ol>
<b>Additional information:</b>	<ol style="list-style-type: none"><li>1. Audit concluding memorandum (Confidential)</li></ol>

### SUMMARY

The audit of the City of Fremantle annual financial report for the year ending 30 June 2019 has been completed by the Office of the Auditor General (OAG) and Council has been provided with an independent auditor's report.

The City has received an unqualified audit report. In the opinion of the Auditor General the financial report of the City of Fremantle fairly represents the results of the operation of the City and its financial position for the year ending 30 June 2019.

This report recommends that the independent auditor's report be received and the audited financial report with full set of financial statements for the financial year ending 30 June 2019 be adopted.

### BACKGROUND

The OAG have audited the annual financial report for the year ending 30 June 2019 and have provided an independent auditor's report as required under the relevant provisions of the *Local Government Act 1995* (the Act). The audit work was performed by Moore Stephens on behalf of the OAG.

In accordance with section 7.12A(2) of the Act and the *Local Government (Audit) Regulations 1997*, Council is required to meet with the external auditor at least once per year. Council has delegated to the Audit and Risk Management Committee the power to meet with the external auditor in accordance with the provisions of the Act.

An entrance meeting was held on 8 April 2019 prior to the commencement of the interim audit visit. This meeting was attended by Vince Turco, Director from the Office of the Auditor General along with the Auditors from Moore Stephens, City of Fremantle Mayor and Chair of the Audit and Risk Management Committee, Chief Executive Officer, Director City Business and Manager Finance. At the entrance meeting the Audit Strategy Memorandum 30 June 2019 was discussed. The key purposes of the memorandum are to:

- Set out the audit scope and approach in summary.
- Identify and communicate the key audit risk areas which the auditors expect to be the focus of the audit procedures.
- Promote effective communication between the auditor and those charged with governance.

The concluding (exit) audit meeting took place on Thursday 5 December 2019 and was attended by Vince Turco and Efthalia Samaras from the Office of the Auditor General along with the Auditors from Moore Stephens, City of Fremantle Mayor, Acting Chief Executive Officer, Director City Business and Manager Finance. At this meeting the Audit Concluding Memorandum was discussed. This report is attached for the Committee’s review as a confidential attachment, the key outcomes are:

- Recommended to the OAG to issue an unmodified opinion on the audit of the City’s financial report.
- Noted a significant adverse trend in the financial position of the City as the Operating Surplus Ratio has been below the Department Local Government, Sport and Cultural Industries (DLGSCI) threshold for the past 2 years, with the current year ratio also being below the previous year.
- Did not identify any non-trivial uncorrected audit differences or any significant deficiencies in internal controls.

## FINANCIAL IMPLICATIONS

For year ending 30 June 2019 the closing balance as per the rate setting statement was a surplus of \$4,998,750. Of this a balance of \$390,373 remains unallocated and available funds for 2019-20. Below is a reconciliation of the end of year surplus.

Details	Amount	Balance
Surplus at end of year 30 June 2019		\$4,998,750
Less Carried Forward Projects		
Unspent grant funds at 30 June	(\$1,082,180)	\$3,916,570
Unspent municipal funds at 30 June	(\$3,366,124)	\$550,446
Less Income received in advance		
Fremantle Leisure Centre memberships	(\$160,073)	\$390,373

The allocation of the available \$390,373 will be addressed at the mid-year budget review.

## LEGAL IMPLICATIONS

Section 7.12AD of the *Local Government Act 1995* states that,

- (1) the auditor must prepare and sign a report on a financial audit.
- (2) The auditor must give the report to -
  - a) the mayor, president or chairperson of the local government; and
  - b) the CEO of the local government; and
  - c) The Minister.

## CONSULTATION

Nil

## OFFICER COMMENT

Council has completed its annual financial statements for the year ended 30 June 2019 and received an unqualified audit report. The Auditor General has issued an independent auditors report.

The City received an unqualified audit report. In the opinion of the Auditor General the annual financial report of the City:

- (i) Is based on proper accounts and records; and
- (ii) Fairly represents, in all material respects, the results of the operations of the City for the year ended 30 June 2019 and its financial position at the end of that period in accordance with the *Local Government Act 1995* (the Act) and, to the extent that they are not inconsistent with the Act, Australian Accounting Standards.

The independent auditor reported in their opinion the following material matter indicates a significant adverse trend in the financial position of the City:

- a. The Operating Surplus Ratio has been below the Department of Local Government, Sport and Cultural Industries standard for a second year, with the current year ratio also being below the previous year.

The financial ratios are reported at Note 36 to the annual financial report on page 71.

The DLGSCI operational guideline 18 on financial ratios defines the operating surplus ratio as a measure of a local government's ability to cover its operational costs and have revenues available for capital funding or other purposes. The guideline sets the basic standard as met with a ratio result between 0.01 and 0.15. An advanced standard is met with a ratio result above 0.15.

The ratio results for the last 3 years have been:

Audit results	2019 Actual	2018 Actual	2017 Actual
Operating surplus ratio	(0.08)	(0.02)	0.14

The adverse trend result for 30 June 19 was due to an additional \$4m in one-off operating expenditure which reduced the overall net result (and therefore increased the operating deficit) made up of:

1. Sale of Tapper St Mews – Loss on asset disposal of \$2.43m
2. Fair value adjustment to assets held for resale 12 Holdsworth St and 12 Josephson St – Loss on fair value adjustment of \$1.57m

By removing the above one-off items the adjusted operating surplus ratio for 30 June 19 would be (0.02), the same as the previous year:

After one-off adjustment	2019 Actual	2018 Actual
Adjusted Operating surplus ratio	(0.02)	(0.02)

In order to achieve a ratio result of above 0.01 the operating revenue (excluding non-operating grants) must be greater than the operating expenditure (including depreciation) for the City. This matter will be discussed further as part of the upcoming long term financial plan and annual budget workshops.

## VOTING AND OTHER SPECIAL REQUIREMENTS

Simple Majority Required

### **COMMITTEE RECOMMENDATION ITEM ARMC2001-1** (Officer's recommendation)

Moved: Cr Adin Lang

Seconded: Cr Hannah Fitzhardinge

#### Council:

1. Receive the Independent Auditor's Report as provided in attachment 1, issued by the Auditor General for the financial year ending 30 June 2019.
2. Adopt the Audited Financial Report with full set of financial statements as provided in attachment 2, for the City of Fremantle for the financial year ending 30 June 2019.

**Carried: 6/0**

Mayor Brad Pettitt, Cr Adin Lang, Cr Frank Mofflin,  
Cr Hannah Fitzhardinge, Cr Doug Thompson, Mr Phillip Draber

## **8. MOTIONS OF WHICH PREVIOUS NOTICE HAS BEEN GIVEN**

A member may raise at a meeting such business of the City as they consider appropriate, in the form of a motion of which notice has been given to the CEO.

Nil

## **9. URGENT BUSINESS**

In cases of extreme urgency or other special circumstances, matters may, on a motion that is carried by the meeting, be raised without notice and decided by the meeting.

Nil

## **10. LATE ITEMS**

In cases where information is received after the finalisation of an minutes, matters may be raised and decided by the meeting. A written report will be provided for late items.

Nil

## **11. CONFIDENTIAL BUSINESS**

Members of the public may be asked to leave the meeting while confidential business is addressed.

Nil

## **12. CLOSURE**

**The Presiding Member declared the meeting closed at 6:27 pm.**

## ATTACHMENT 1 - Independent auditor's report for the year ending 30 June 2019

### Auditor General

#### INDEPENDENT AUDITOR'S REPORT

To the Councillors of the City of Fremantle

Report on the Audit of the Financial Report

#### **Opinion**

I have audited the annual financial report of the City of Fremantle which comprises the Statement of Financial Position as at 30 June 2019, the Statement of Comprehensive Income by Nature or Type, Statement of Comprehensive Income by Program, Statement of Changes in Equity, Statement of Cash Flows and Rate Setting Statement for the year then ended, and notes comprising a summary of significant accounting policies and other explanatory information, and the Statement by the Chief Executive Officer.

In my opinion the annual financial report of the City of Fremantle:

- (i) is based on proper accounts and records; and
- (ii) fairly represents, in all material respects, the results of the operations of the City for the year ended 30 June 2019 and its financial position at the end of that period in accordance with the *Local Government Act 1995* (the Act) and, to the extent that they are not inconsistent with the Act, Australian Accounting Standards.

#### **Basis for Opinion**

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of my report. I am independent of the City in accordance with the *Auditor General Act 2006* and the relevant ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to my audit of the annual financial report. I have also fulfilled my other ethical responsibilities in accordance with the Code. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

#### **Emphasis of Matter – Basis of Accounting**

I draw attention to Note 1 to the annual financial report, which describes the basis of accounting. The annual financial report has been prepared for the purpose of fulfilling the City's annual financial reporting responsibilities under the Act. Regulation 16 of the Local Government (Financial Management) Regulations 1996 (Regulations), does not allow a local government to recognise some categories of land, including land under roads, as assets in the annual financial report. My opinion is not modified in respect of this matter.

#### **Responsibilities of the Chief Executive Officer and Council for the Financial Report**

The Chief Executive Officer (CEO) of the City is responsible for the preparation and fair presentation of the annual financial report in accordance with the requirements of the Act, the Regulations and, to the extent that they are not inconsistent with the Act, Australian Accounting Standards. The CEO is also responsible for such internal control as the CEO determines is necessary to enable the preparation of a annual financial report that is free from material misstatement, whether due to fraud or error.

In preparing the annual financial report, the CEO is responsible for assessing the City's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the State government has made decisions affecting the continued existence of the City.

The Council is responsible for overseeing the City's financial reporting process.

***Auditor's Responsibility for the Audit of the Financial Report***

The objectives of my audit are to obtain reasonable assurance about whether the annual financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the annual financial report.

As part of an audit in accordance with Australian Auditing Standards, I exercise professional judgment and maintain professional scepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the annual financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the CEO.
- Conclude on the appropriateness of the CEO's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the City's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the annual financial report or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report, as we cannot predict future events or conditions that may have an impact.
- Evaluate the overall presentation, structure and content of the annual financial report, including the disclosures, and whether the annual financial report represents the underlying transactions and events in a manner that achieves fair presentation.

I communicate with the Council and the CEO regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

### Report on Other Legal and Regulatory Requirements

In accordance with the Local Government (Audit) Regulations 1996 I report that:

- (i) In my opinion, the following material matter indicates a significant adverse trend in the financial position of the City:
  - a. The Operating Surplus Ratio has been below the Department of Local Government, Sport and Cultural Industries standard for the past 2 years, with the current year ratio also being below the previous year.

The financial ratios are reported at Note 36 to the annual financial report.

- (ii) All required information and explanations were obtained by me.
- (iii) All audit procedures were satisfactorily completed.
- (iv) In my opinion, the Asset Consumption Ratio and the Asset Renewal Funding Ratio included in the annual financial report were supported by verifiable information and reasonable assumptions.

### Other Matter

The annual financial report of the City for the year ended 30 June 2018 was audited by another auditor who expressed an unmodified opinion on that annual financial report. The annual financial ratios for 2017 and 2018 in Note 36 of the audited annual financial report were included in the audited annual financial report for those years.

### Matters Relating to the Electronic Publication of the Audited Financial Report

This auditor's report relates to the annual financial report of the City of Fremantle for the year ended 30 June 2019 included on the City's website. The City's management is responsible for the integrity of the City's website. This audit does not provide assurance on the integrity of the City's website. The auditor's report refers only to the annual financial report described above. It does not provide an opinion on any other information which may have been hyperlinked to/from this annual financial report. If users of the annual financial report are concerned with the inherent risks arising from publication on a website, they are advised to refer to the hard copy of the audited annual financial report to confirm the information contained in this website version of the annual financial report.

**CITY OF FREMANTLE**  
**NOTES TO AND FORMING PART OF THE FINANCIAL REPORT**  
**FOR THE YEAR ENDED 30TH JUNE 2019**

**1. BASIS OF PREPARATION**

The financial report comprises general purpose financial statements which have been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board, and the *Local Government Act 1995* and accompanying regulations.

The *Local Government (Financial Management) Regulations 1996* take precedence over Australian Accounting Standards. Regulation 16 prohibits a local government from recognising as assets Crown land that is a public thoroughfare, such as land under roads, and land not owned by but under the control or management of the local government, unless it is a golf course, showground, racecourse or recreational facility of State or regional significance. Consequently, some assets, including land under roads acquired on or after 1 July 2008, have not been recognised in this financial report. This is not in accordance with the requirements of *AASB 1051 Land Under Roads paragraph 15* and *AASB 116 Property, Plant and Equipment paragraph 7*.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

**CRITICAL ACCOUNTING ESTIMATES**

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

**THE LOCAL GOVERNMENT REPORTING ENTITY**

All funds through which the City controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 29 to these financial statements.

CITY OF FREMANTLE  
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT  
FOR THE YEAR ENDED 30TH JUNE 2019

2 REVENUE AND EXPENSES

**SIGNIFICANT ACCOUNTING POLICIES**

**Grants, donations and other contributions**

Grants, donations and other contributions are recognised as revenues when the local government obtains control over the assets comprising the contributions.

Where contributions recognised as revenues during the reporting period were obtained on the condition that they be expended in a particular manner or used over

**Grants, donations and other contributions (Continued)**

a particular period, and those conditions were undischarged as at the reporting date, the nature of and amounts pertaining to those undischarged conditions are disclosed in Note 25. That note also discloses the amount of contributions recognised as revenues in a previous reporting period which were obtained in respect of the local government's operations for the current reporting period.

CITY OF FREMANTLE  
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT  
FOR THE YEAR ENDED 30TH JUNE 2019

4 RESERVES - CASH BACKED (Continued)

In accordance with Council resolutions in relation to each reserve account, the purpose for which the reserves are set aside and their anticipated date of use are as follows:

Name of Reserve	Anticipated date of use	Purpose of the reserve
(a) Cantonment Hill Master Plan Reserve	Ongoing	To fund capital works at Cantonment Hill in accordance with the Cantonment Hill Master Plan.
(b) Community Care Programs Reserve	Ongoing	To fund Community Care Programs.
(c) Former Stan Reilly Property Site Redevelopment Reserve	Ongoing	To fund capital works for the development of the Stan Reilly site.
(d) Fremantle Markets Conservation Reserve	Ongoing	To fund conservation works to the Fremantle Markets
(e) Fremantle Oval Reserve	Ongoing	To fund capital and business planning costs associated with the redevelopment of the Fremantle Oval precinct.
(f) Fremantle Town Hall Refurbishment Reserve	Ongoing	To provide funds for major refurbishment of the historic Fremantle Town Hall.
(g) Heritage Places Reserve	Ongoing	To finance the major upgrading and maintenance (including painting) to the Fremantle Town Hall. Conserve heritage places already owned or vested in the Council. Augment external funds allocated to the City for the purpose of heritage conservation. Provide assistance to other owners of heritage places within the municipality where Council is satisfied that this is a proper, cost effective and lawful use of the funds. To administer conservation funds appeals. To finance the additional costs of higher specified infrastructure improvements (e.g. footpaths, roads, landscaping, buildings, etc.) to areas abutting or adjacent to heritage places where the higher specifications are incurred to maintain the area in sympathy with the heritage place. Purchase heritage properties within the municipality of Fremantle which are in a distinct need of conservation. Council can conserve according to the Burra Charter principles, enable Council to demonstrate the Burra Charter model of conservation for other to follow or in Council's estimation would otherwise be conserved (restored) in accordance with Burra Charter principles. Finance major renewal, restoration or maintenance of heritage properties. Council Policy SG30 Heritage Places Reserves also refers.
(h) Investment Fund Reserve	Ongoing	To realise and make investments in income producing assets. A specified list of investment properties forms part of the investments. Funds will not be withdrawn from the reserve to subsidise operating or recurrent expenditure, nor shall funds be withdrawn for the purpose of providing community facilities that do not provide a commercial rate of return, unless specifically decided otherwise by the Council.
(i) Kings Square Improvements Reserve	Ongoing	To fund capital improvements to Kings Square.
(j) Leighton Precinct Maintenance Reserve	Ongoing	To hold any specified area rate income raised during the financial year that were unspent at 30 June in relation to Leighton Precinct maintenance. To fund the above normal costs associated with maintaining the higher standard of the landscaping of the Leighton residential area.
(k) Leisure Centre Upgrade Reserve	Ongoing	To provide funds for major upgrading and refurbishment works at the Fremantle Leisure Centre.
(l) Parking Dividend Equalisation Reserve	Ongoing	To provide a smoothing out of revenue contributions to municipal operations from commercial parking activities. That is to be achieved as follows (a) by transferring net profits in excess of budget to the reserve and (b) if required, when there is a material (i.e. 1%) net loss, transferring funds from the reserve to municipal fund to compensate the loss. Fund commercial parking capital equipment and facilities or parking infringement capital equipment and facilities to the extent the funds available in the reserve exceed 2.5% of budgeted gross parking revenue.
(m) Parks Recreation and Facilities Reserve	Ongoing	To fund improvements within the South Fremantle Tip Site Reserve. To finance improvements within the Kings Square Reserve. To finance tourism projects within the City. To finance facilities for sporting clubs on a self supporting loan basis in accordance with Council guidelines for such advances to clubs. To finance improvements within the Port and Leighton Beach Reserve. To finance capital works and improvements at Fremantle Oval. To finance improvements or major refurbishments to other parks and recreation facilities within the municipality.
(n) Renewable Energy Investment Reserve	Ongoing	To purchase sufficient carbon offsets to maintain the City's carbon neutral status. Remaining funds will then be used to invest in projects that promote positive renewable energy outcomes. If no renewable energy projects can be identified, the fund will accumulate that year's contribution.
(o) White Gum Valley Precinct Community Bore Reserve	Ongoing	To fund the associated costs required to maintain the community bore within the WGV development.

	713,827	741,513
	(144,907)	(171,105)
	314,687	369,607
	<b>1,394,344</b>	<b>1,332,195</b>
	555,879	530,246
	<b>555,879</b>	<b>530,246</b>

**SIGNIFICANT ACCOUNTING POLICIES**

**Trade and other receivables**

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectible amounts (i.e. impairment). The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

**Impairment and risk exposure**

Information about the impairment of trade receivables and their exposure to credit risk and interest rate risk can be found in Note 28

**Classification and subsequent measurement**

Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Trade receivables are held with the objective to collect the contractual cashflows and therefore measures them subsequently at amortised cost using the effective interest rate method.

Due to the short term nature of current receivables, their carrying amount is considered to be the same as their fair value. Non-current receivables are indexed to inflation, any difference between the face value and fair value is considered immaterial.

CITY OF FREMANTLE  
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT  
FOR THE YEAR ENDED 30TH JUNE 2019

**6 INVENTORIES**

**Current**

	2019 \$	2018 \$
Consumables	59,819	95,444
Goods for sale	45,287	88,359
	105,106	183,803

The following movements in inventories occurred during the year:

<b>Carrying amount at 1 July</b>	183,803	156,505
Inventories expensed during the year	(983,785)	(795,571)
Additions to inventory	905,088	822,869
<b>Carrying amount at 30 June</b>	105,106	183,803

**SIGNIFICANT ACCOUNTING POLICIES**

**General**

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

**7 OTHER ASSETS AND ASSETS CLASSIFIED AS HELD FOR SALE**

**Other current assets**

	2019 \$	2018 \$
Accrued Income	426,127	1,035,020
	426,127	1,035,020

**Non-current assets held for sale**

12 Josephson Street	1,301,850	-
12 Holdsworth Street	1,084,875	-
	2,386,725	-

**Land and buildings classified as held for sale**

During the year Council elected to dispose of the properties located at 12 Josephson Street and 12 Holdsworth Street. There are a number of parties have already shown an interest in the properties and the properties will be disposed in 2019-20 financial year.

**SIGNIFICANT ACCOUNTING POLICIES**

**Other current assets**

Other non-financial assets include prepayments which represent payments in advance of receipt of goods or services or that part of expenditure made in one accounting period covering a term extending beyond that period.

**Non-current assets held for sale**

Assets are classified as held for sale where the carrying amount will be recovered through a sale rather than continuing use and the asset is available for immediate sale with a sale being highly probable. The fair value of land and buildings was determined using the sales comparison approach using comparable properties in the area. This is a level 2 measurement as per the fair value hierarchy set out in Note 34.

CITY OF FREMANTLE  
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT  
FOR THE YEAR ENDED 30TH JUNE 2019

**8 OTHER FINANCIAL ASSETS**

	<u>NOTE</u>	<u>2019</u>	<u>2018</u>
		\$	\$
<b>(a) Current assets</b>			
Other financial assets at amortised cost		28,300,032	34,237,152

<b>Financial assets at fair value through profit and loss</b>			
<i>- Unlisted equity investments</i>			
Units in Local Government House Trust		175,171	-
		175,171	-
During the year, the following gains/(losses) were recognised in profit and loss:			
Fair value gains/(losses) on equity investments at fair value through profit and loss are recognised in other gains/(losses) and classified as other property and services			
		175,171	-
		175,171	-

**SIGNIFICANT ACCOUNTING POLICIES**

**Other financial assets at amortised cost**

The City classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

**Financial assets at fair value through profit and loss**

The City classifies the following financial assets at fair value through profit and loss:

- debt investments which do not qualify for measurement at either amortised cost or fair value through other comprehensive income.
- equity investments which the City has not elected to recognise fair value gains and losses through other comprehensive income.

**Impairment and risk**

Information regarding impairment and exposure to risk can be found at Note 28.

CITY OF FREMANTLE  
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT  
FOR THE YEAR ENDED 30TH JUNE 2019

9 PROPERTY, PLANT AND EQUIPMENT (Continued)

(b) Fair Value Measurements

Asset Class	Fair Value Hierarchy	Valuation Technique	Basis of Valuation	Date of Last Valuation	Inputs Used
<b>Land and buildings</b>					
<b>Land - freehold land</b>	Level 2	Market approach using recent observable market data for similar properties	Independent registered valuers	June 2017	Price per hectare.
	Level 3	Market approach using estimated data for similar properties	Management valuation	June 2017	Estimated price per hectare.
<b>Land - vested in and under the control of Council</b>	Level 3	Cost approach using depreciated replacement cost	Independent registered valuers	June 2017	Improvements to land using construction costs and current condition (Level 2), residual values and remaining useful life (Level 3) inputs.
<b>Buildings</b>	Level 2/3	Market approach using recent observable data for similar properties or cost approach using depreciated replacement cost.	Independent registered valuers/ Management valuation	June 2017	Average cost of construction by component (Level 2), current condition, residual values and remaining useful life assessment (Level 3) inputs.
<b>Furniture and Fittings</b>	Level 2/3	Cost approach using depreciated replacement cost	Independent registered valuers/ Management valuation	June 2016	Purchase costs (Level 2), current condition, residual values and remaining useful life assessment (Level 3) inputs.
<b>Plant and equipment</b>	Level 3	Cost approach using depreciated replacement cost	Independent registered valuers/ Management valuation	June 2016	Purchase costs (Level 2), current condition, residual values and remaining useful life assessment (Level 3) inputs.

Level 3 inputs are based on assumptions with regards to future values and patterns of consumption utilising current information. If the basis of these assumptions were varied, they have the potential to result in a significantly higher or lower fair value measurement.

During the period there were no changes in the valuation techniques used by the local government to determine the fair value of property, plant and equipment using either level 2 or level 3 inputs.

CITY OF FREMANTLE  
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT  
FOR THE YEAR ENDED 30TH JUNE 2019

10 INFRASTRUCTURE (Continued)

(b) Fair Value Measurements

Asset Class	Fair Value Hierarchy	Valuation Technique	Basis of Valuation	Date of Last Valuation	Inputs Used
Infrastructure - Roads	Level 3	Cost approach using depreciated replacement cost	Independent registered valuers	June 2018	The unit rates (Level 2), asset condition, residual values, pattern of consumption and remaining useful life assessments (Level 3) inputs.
Infrastructure - Paths	Level 3	Cost approach using depreciated replacement cost	Independent registered valuers	June 2018	The unit rates (Level 2), asset condition, residual values, pattern of consumption and remaining useful life assessments (Level 3) inputs.
Infrastructure - Drainage	Level 3	Cost approach using depreciated replacement cost	Independent registered valuers	June 2018	The unit rates (Level 2), asset condition, residual values, pattern of consumption and remaining useful life assessments (Level 3) inputs.
Infrastructure - Parks	Level 3	Cost approach using depreciated replacement cost	Independent registered valuers	June 2018	The unit rates (Level 2), asset condition, residual values, pattern of consumption and remaining useful life assessments (Level 3) inputs.
Infrastructure - Other	Level 3	Cost approach using depreciated replacement cost	Independent registered valuers	June 2018	The unit rates (Level 2), asset condition, residual values, pattern of consumption and remaining useful life assessments (Level 3) inputs.

Level 3 inputs are based on assumptions with regards to future values and patterns of consumption utilising current information. If the basis of these assumptions were varied, they have the potential to result in a significantly higher or lower fair value measurement.

During the period there were no changes in the valuation techniques used to determine the fair value of infrastructure using level 3 inputs.

CITY OF FREMANTLE  
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT  
FOR THE YEAR ENDED 30TH JUNE 2019

11 PROPERTY, PLANT AND EQUIPMENT (INCLUDING INFRASTRUCTURE)

**SIGNIFICANT ACCOUNTING POLICIES**

**Fixed assets**

Each class of fixed assets within either plant and equipment or infrastructure, is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

**Initial recognition and measurement between mandatory revaluation dates**

All assets are initially recognised at cost where the fair value of the asset at date of acquisition is equal to or above \$5,000. All assets are subsequently revalued in accordance with the mandatory measurement framework.

In relation to this initial measurement, cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the City includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

Individual assets acquired between initial recognition and the next revaluation of the asset class in accordance with the mandatory measurement framework, are recognised at cost and disclosed as being at fair value as management believes cost approximates fair value. They are subject to subsequent revaluation at the next anniversary date in accordance with the mandatory measurement framework.

**Revaluation**

The fair value of fixed assets is determined at least every three years and no more than five years in accordance with the regulatory framework. At the end of each period the valuation is reviewed and where appropriate the fair value is updated to reflect current market conditions. This process is considered to be in accordance with *Local Government (Financial Management) Regulation 17A (2)* which requires property, plant and equipment to be shown at fair value.

Increases in the carrying amount arising on revaluation of assets are credited to a revaluation surplus in equity. Decreases that offset previous increases of the same class of asset are recognised against revaluation surplus directly in equity. All other decreases are recognised in profit or loss.

**AUSTRALIAN ACCOUNTING STANDARDS - INCONSISTENCY**

**Land under control**

In accordance with *Local Government (Financial Management) Regulation 16(a)(ii)*, the City was required to include as an asset (by 30 June 2013), Crown Land operated by the local government as a golf course, showground, racecourse or other sporting or recreational facility of State or Regional significance.

Upon initial recognition, these assets were recorded at cost in accordance with AASB 116. They were then classified as Land and revalued along with other land in accordance with the other policies detailed in this Note.

**Land under roads**

In Western Australia, all land under roads is Crown Land, the responsibility for managing which, is vested in the local government.

Effective as at 1 July 2008, Council elected not to recognise any value for land under roads acquired on or before 30 June 2008. This accords with the treatment available in *Australian Accounting Standard AASB 1051 Land Under Roads* and the fact *Local Government (Financial Management) Regulation 16(a)(i)* prohibits local governments from recognising such land as an asset.

In respect of land under roads acquired on or after 1 July 2008, as detailed above, *Local Government (Financial Management) Regulation 16(a)(i)* prohibits local governments from recognising such land as an asset.

Whilst such treatment is inconsistent with the requirements of *AASB 1051, Local Government (Financial Management) Regulation 4(2)* provides, in the event of such an inconsistency, the *Local Government (Financial Management) Regulations* prevail.

Consequently, any land under roads acquired on or after 1 July 2008 is not included as an asset of the City.

	7,154,608	6,983,915	6,676,768

**SIGNIFICANT ACCOUNTING POLICIES**

**Depreciation**

The depreciable amount of all fixed assets including buildings but excluding freehold land and vested land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the statement of comprehensive income in the period in which they arise.

**Depreciation rates**

Typical estimated useful lives for the different asset classes for the current and prior years are included in the table below:

Asset Class	Useful life	Depreciation Rate	Asset Class	Useful life	Depreciation Rate
<b>Property, Plant &amp; Equipment</b>			<b>Infrastructure</b>		
Community Buildings	7.5 - 177	0.70% - 9.52%	Paths	11 - 61	1.66% - 10.00%
Plant & Equipment	5 - 31	3.18% - 20.00%	Drainage	81 - 100	1.00% - 1.25%
Furniture & Fittings	5 - 150	0.67% - 20.00%	Roads	25 - 91	1.11% - 10.00%
			Parks	10 - 50	2.00% - 10.00%
<b>Investment Property</b>			Other	21 - 83	1.21% - 4.97%
Buildings	100	0.91% - 1.54%			

**Depreciation (Continued)**

When an item of property, plant and equipment is revalued, any accumulated depreciation at the date of the revaluation is treated in one of the following ways:

- (a) The gross carrying amount is adjusted in a manner that is consistent with the revaluation of the carrying amount of the asset. For example, the gross carrying amount may be restated by reference to observable market data or it may be restated proportionately to the change in the carrying amount. The accumulated depreciation at the date of the revaluation is adjusted to equal the difference between the gross carrying amount and the carrying amount of the asset after taking into account accumulated impairment losses; or
- (b) Eliminated against the gross carrying amount of the asset and the net amount restated to the revalued amount of the asset.

**CITY OF FREMANTLE**  
**NOTES TO AND FORMING PART OF THE FINANCIAL REPORT**  
**FOR THE YEAR ENDED 30TH JUNE 2019**

**13 INVESTMENT PROPERTIES**

**Non-current assets - at fair value**

	2019 Actual	2019 Budget	2018 Actual
	\$	\$	\$
Carrying balance at 1 July	39,195,014	39,195,014	38,903,883
Capitalised subsequent expenditure	22,068	531,500	291,131
Classified as held for sale or disposal	(1,428,000)	-	-
Disposals	(6,233,000)	(7,661,000)	-
Closing balance at 30 June	31,556,082	32,065,514	39,195,014

**Amounts recognised in profit or loss for investment properties**

	2019 Actual	2019 Budget	2018 Actual
	\$	\$	\$
Rental income	976,097	1,008,977	999,825
Reimbursement Income	17,015	16,767	16,433
Direct operating expenses from property that generated rental income	(17,120)	(16,767)	(16,261)

**Leasing arrangements**

Investment properties are leased to tenants under long-term operating leases with rentals payable monthly. Minimum lease payments receivable on leases of investment properties are as follows:

	2019 Actual	2019 Budget	2018 Actual
	\$	\$	\$
Minimum lease payments under non-cancellable operating leases of investment properties not recognised in the financial statements are receivable as follows:			
Within one year	1,002,868	1,025,744	1,061,572
Later than one year but not later than 5 years	3,069,327	-	3,284,703
Later than 5 years	792,925	-	1,174,075
	4,865,120	1,025,744	5,520,350

**SIGNIFICANT ACCOUNTING POLICIES**

**Investment properties**

Investment properties are principally freehold buildings, held for long-term rental yields and not occupied by the City. They are carried at fair value. Changes in the fair values are presented in profit or loss as a part of other revenue.

**Fair value of investment properties**

A management valuation was performed to determine the fair value of investment properties. The main Level 3 inputs used in the valuation were discount rates, terminal yields, expected vacancy rates and rental growth rates estimated by management based on comparable transactions and industry data.

**SIGNIFICANT ACCOUNTING POLICIES**

**Financial liabilities**

Financial liabilities are recognised at fair value when the City becomes a party to the contractual provisions to the instrument.

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss.

Financial liabilities are derecognised where the related obligations are discharged, cancelled or expired. The difference between the carrying amount of the financial liability extinguished or transferred to another party and the fair value of the consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

**Borrowing costs**

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

**Risk**

Information regarding exposure to risk can be found at Note 28

FOR THE YEAR ENDED 30TH JUNE 2019

16 EMPLOYEE RELATED PROVISIONS

Employee Related Provisions

	Provision for Annual Leave	Provision for Long Service Leave	Total
	\$	\$	\$
<b>Opening balance at 1 July 2018</b>			
Current provisions	2,813,397	2,694,426	5,507,823
Non-current provisions	-	997,531	997,531
	2,813,397	3,691,957	6,505,354
Amounts used	(2,821,356)	(641,784)	(3,463,140)
Additional provision	3,115,152	631,876	3,747,028
<b>Balance at 30 June 2019</b>	3,107,193	3,682,049	6,789,242
<b>Comprises</b>			
Current	3,107,193	2,687,771	5,794,964
Non-current	-	994,278	994,278
	3,107,193	3,682,049	6,789,242
<b>Amounts are expected to be settled on the following basis:</b>	<b>2019</b>	<b>2018</b>	
	\$	\$	
Less than 12 months after the reporting date	3,445,934	3,157,959	
More than 12 months from reporting date	3,447,787	3,412,369	
Expected reimbursements from other WA local governments	(104,479)	(64,974)	
	6,789,242	6,505,354	

Timing of the payment of current leave liabilities is difficult to determine as it is dependent on future decisions of employees. Expected settlement timings are based on information obtained from employees and historical leave trends and assumes no events will occur to impact on these historical trends.

**SIGNIFICANT ACCOUNTING POLICIES**

Employee benefits

Short-term employee benefits

Provision is made for the City's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The City's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position.

Other long-term employee benefits

The City's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at

Other long-term employee benefits (Continued) rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The City's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the City does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

Provisions

Provisions are recognised when the City has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

NOTES TO AND FORMING PART OF THE FINANCIAL REPORT  
FOR THE YEAR ENDED 30TH JUNE 2019

**20 CAPITAL AND LEASING COMMITMENTS**

**(a) Capital Expenditure Commitments**

Contracted for:

- capital expenditure projects

43,787,069	5,578,055
43,787,069	5,578,055

Payable:

- not later than one year

- later than one year but not later than five years

39,338,029	4,768,955
4,449,050	809,100
43,787,079	5,578,055

The capital expenditure projects outstanding at the end of the current reporting period mainly represents:

- (i) Construction costs for new Sporting Facility and Community Hub at Fremantle Park
- (ii) Construction costs of new Civic and Library building in Kings Square
- (iii) Construction costs for interior architect of new Civic and Library building in Kings Square
- (iv) Construction costs for project management of new Civic and Library building in Kings Square
- (v) Construction costs for design of new Civic and Library building in Kings Square
- (vi) Construction costs for quantity surveying services new Civic and Library building in Kings Square

**(b) Operating Lease Commitments**

Non-cancellable operating leases contracted for but not capitalised in the accounts.

Payable:

- not later than one year

- later than one year but not later than five years

569,344	537,618
509,550	669,218
1,078,894	1,206,836

**SIGNIFICANT ACCOUNTING POLICIES**

**Leases**

Leases of fixed assets where substantially all the risks and benefits incidental to the ownership of the asset, but not legal ownership, are transferred to the City, are classified as finance leases.

Finance leases are capitalised recording an asset and a liability at the lower of the fair value of the leased property or the present value of the minimum lease payments, including any guaranteed residual values. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period.

**Leases (Continued)**

Leased assets are depreciated on a straight line basis over the shorter of their estimated useful lives or the lease term.

Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses on a straight line basis over the lease term.

Lease incentives under operating leases are recognised as a liability and amortised on a straight line basis over the life of the lease term.

CITY OF FREMANTLE  
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT  
FOR THE YEAR ENDED 30TH JUNE 2019

**21 RELATED PARTY TRANSACTIONS**

**Elected Members Remuneration**

	<b>586,889</b>	<b>586,494</b>	<b>554,214</b>

**Key Management Personnel (KMP) Compensation Disclosure**

The total of remuneration paid to KMP of the City during the year are as follows:

	2019 Actual	2018 Actual
	\$	\$
Short-term employee benefits	1,283,991	1,275,851
Post-employment benefits	118,120	101,890
Other long-term benefits	39,561	19,915
	<b>1,441,672</b>	<b>1,397,656</b>

All members of KMP are provided with free parking within the City when attending on council business.  
All members of KMP are provided with free access to the City's Leisure Centre.

*Short-term employee benefits*

These amounts include all salary, fringe benefits and cash bonuses awarded to KMP except for details in respect to fees and benefits paid to elected members which may be found above.

*Post-employment benefits*

These amounts are the current-year's estimated cost of providing for the City's superannuation contributions made during the year.

*Other long-term benefits*

These amounts represent long service benefits accruing during the year.

*Termination benefits*

These amounts represent termination benefits paid to KMP (Note: may or may not be applicable in any given year).

CITY OF FREMANTLE  
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT  
FOR THE YEAR ENDED 30TH JUNE 2019

**21 RELATED PARTY TRANSACTIONS (Continued)**

**Transactions with related parties**

Transactions between related parties and the City are on normal commercial terms and conditions, no more favourable than those available to other parties, unless otherwise stated.

No outstanding balances or provisions for doubtful debts or guaranties exist in relation to related parties at year end.

The following transactions occurred with related parties:	2019 Actual	2018 Actual
	\$	\$
Purchase of goods and services	94,200	3,500

**Related Parties**

**The City's main related parties are as follows:**

*i. Key management personnel*

Any person(s) having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly, including any elected member, are considered key management personnel.

*ii. Other Related Parties*

The associate person of KMP was employed by the City under normal employment terms and conditions.

*iii. Entities subject to significant influence by the City*

An entity that has the power to participate in the financial and operating policy decisions of an entity, but does not have control over those policies, is an entity which holds significant influence. Significant influence may be gained by share ownership, statute or agreement.

*iii. Joint venture entities accounted for under the equity method*

The City is a participant in the Canning Vale Regional Resource Recovery Centre (RRRC). The interest in the joint venture entity is accounted for in these financial statements using the equity method of accounting. For details of interests held in joint venture entities, refer to Note 22.

**CITY OF FREMANTLE**  
**NOTES TO AND FORMING PART OF THE FINANCIAL REPORT**  
**FOR THE YEAR ENDED 30TH JUNE 2019**

**22 JOINT ARRANGEMENTS**

The SMRC is a statutory local government authority established in 1991 by the local governments of Canning, Cockburn, East Fremantle, Fremantle, Kwinana, Melville, and Rockingham.

The SMRC is responsible for developing environmentally sustainable waste management solutions for the communities of the Participants.

The member local governments have jointly agreed to establish SMRC under an Establishment Agreement and each participant may participate in regional projects that are governed by a Participants' Project Agreement.

There are two core projects, being:

1. The Regional Resource Recovery Centre (RRRC) Project and;
2. The Office Accommodation Project.

Both the projects were established through separate project participants' agreements. The City of Kwinana are not participants in the RRRC project. In addition to the above two projects, the support activities of SMRC such as Administrative activities, Education and Marketing and Research and Development, are referred to as Existing Undertakings.

Over the period the following local governments have since withdrawn from the Regional Council: City of Canning in June 2010, City of Rockingham in June 2012 and City of Cockburn in June 2019.

**(a) Existing Undertakings**

The historical annual contributions made by Participants to the Existing Undertakings are used to determine the proportional contribution percentage of each Participant to the Existing Undertakings. The City's share as on 30 June 2019:

SMRC Existing Undertakings Proportional Equity Share:	<b>11.19%</b>
---	---------------

**(b) Regional Resource Recovery Centre (RRRC) Project**

RRRC Project Participants shall make an annual contribution towards the acquisition of any asset of a capital nature required by the Project, plus pay gate fees for each tonne of waste they deliver to the facility to cover the operating costs.

The annual contribution shall be an amount which bears the same proportion to the cost of the acquisition disclosed in the Project Budget for the financial year as the Population of the Project Participant bears to the total of the Populations of all Project Participants.

The capital costs for each participating Local Government member is based on the Australian Bureau of Statistics population statistics. Each project participant will develop equity in the project equal to the relevant proportion of the total capital loan repayments made by that project participant.

The City's share as on 30 June 2019:

RRRC Project Proportional Equity Share:	<b>20.60%</b>
---	---------------

**RRRC - Lending Facility**

The capital construction of the RRRC facility was funded by borrowings from Western Australian Treasury Corporation (WATC). A \$40 million lending facility was initially set up for this purpose (repayable over a term of 20 years) and this facility has since been extended to a total of \$55 million. The SMRC administer the borrowings with the project participants making quarterly contributions equal to the repayment costs of these borrowings.

The City guaranteed by way of agreement to its share of the loan liability to the SMRC and the WATC. The City's estimated share of the project funding is based on population percentages as derived from the Australian Bureau of Statistics census. These are revised yearly over the life of the lending facility with the City's share for the 2018/19 year being: **12.28%**

As at 30 June 2019, the balance outstanding against the lending facility stood at: \$13,086,683	
with the City's share of this liability being:	<b>\$ 1,607,045</b>

22 JOINT ARRANGEMENTS (Continued)

(c) Office Accommodation Project

The Office Project pertains to SMRC's office located at 9 Aldous Place, Booragoon, Western Australia.

The City's equity share of the project is based on their proportional populations.

The City's share as on 30 June 2019:

Office Accommodation Project Proportional Equity Share: 10.98%

SMRC Administration Building - Lending Facility

As a SMRC participant, City has guaranteed by way of security to the Western Australian Treasury Corporation, a charge over its' general funds for its' share of any outstanding debenture borrowings provided for the SMRC administration building at 9 Aldous Place Booragoon. This facility has a limit of \$2 million.

As at 30 June 2019, the balance outstanding against the lending facility stood at: \$1,800,000

with the City's share of this liability being: \$ 189,360

using the current cost/profit sharing percentage of: 10.52%

SIGNIFICANT ACCOUNTING POLICIES

Interests in joint arrangements

Joint arrangements represent the contractual sharing of control between parties in a business venture where unanimous decisions about relevant activities are required.

Separate joint arrangements providing joint ventures with an interest to net assets are classified as a joint venture and accounted for using the equity method. The equity method of accounting, whereby the investment is initially recognised at cost and adjusted thereafter for the post-acquisition change in the City's

Interests in joint arrangements (Continued)

share of net assets of the associate. In addition, the City's share of the profit or loss of the associate is included in the City's profit or loss.

Joint operations represent arrangements whereby joint operators maintain direct interests in each asset and exposure to each liability of the arrangement. The City's interests in the assets, liabilities, revenue and expenses of joint operations are included in the respective line items of the financial statements.

23 MAJOR LAND TRANSACTIONS

(a) Details

The Kings Square Project is the integrated development and redevelopment of a number of City owned properties and functions -The Library, Administration Offices, Queensgate Centre, Queensgate Car Park, Spicer Site, Fremantle Visitor Centre and the public spaces within the Kings Square Precinct - in conjunction with the redevelopment of the adjoining Myer Building owned by Sirona Capital Management (Sirona).

Stage 1 involves the redevelopment of the City's Civic and Library Building, with provision initially been made in the 2017-18 budget for those works to commence. Construction commenced in 2018-19 and will continue into 2019-20.

Stage 2 provided for the sale of the Spicer Site to Sirona which settled in the 2018-19 financial year with the receipt of sale proceeds of \$6,650,000. The total Kings Square Redevelopment is a two to four year project.

Rate or Fee and Charge to which the Waiver or Concession is Granted	Circumstances in which the Waiver or Concession is Granted and to whom it was available	Objects of the Waiver or Concession	Reasons for the Waiver or Concession
Nightclubs	GRV - Nightclubs	Annual rates are adjusted to provide a concession for areas of the property which are not used as a night club.	Due to higher rate in the dollar for Night Club GRV differential which only occupies a portion of the property.
Sporting Clubs	Sporting Clubs - Rates	Assisting sporting clubs due to the community benefits provided by the clubs.	Due to sporting clubs being rateable under the Local Government Act 1995. Rating of the sporting clubs commenced in May 2006.
Pensioners - 253 High Street, Fremantle	Eligible pensioners at 253 High Street, Fremantle	Assist occupants with eligible pension concession cards to receive calculated concession.	Annual rates effective 01/07/2001 have been recalculated and a concession applied. The concession is the net difference between the amount of the minimum payment less the amount of rates that would apply if they were calculated using the units gross rental value.
Gross Lease	Gross Up Leases	Annual rates and levies are included within the grossed up lease agreement.	Due to annual rates and levies are included within the grossed up lease agreement.
Various Short Term Accommodation	Ceased to operate for short term accommodation and notified prior to required date	Annual rates are adjusted to provide a concession for properties which are no longer used for short term accommodation.	Due to higher rate in the dollar for Short Term Accommodation GRV differential.

CITY OF FREMANTLE  
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT  
FOR THE YEAR ENDED 30TH JUNE 2019

28 FINANCIAL RISK MANAGEMENT

This note explains the City's exposure to financial risks and how these risks could affect the City's future financial performance.

Risk	Exposure arising from	Measurement	Management
Market risk - interest rate	Long term borrowings at variable rates	Sensitivity analysis	Utilise fixed interest rate borrowings
Credit risk	Cash and cash equivalents, trade receivables, financial assets and	Aging analysis Credit analysis	Diversification of bank deposits, credit limits. Investment policy
Liquidity risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of committed credit lines and borrowing facilities

The City does not engage in transactions expressed in foreign currencies and is therefore not subject to foreign currency risk.

Financial risk management is carried out by the finance area under policies approved by the Council. The finance area identifies, evaluates and manages financial risks in close co-operation with the operating divisions. Council have approved the overall risk management policy and provide policies on specific areas such as investment policy.

(a) Interest rate risk

Cash and cash equivalents

The City's main interest rate risk arises from cash and cash equivalents with variable interest rates, which exposes the City to cash flow interest rate risk. Short term overdraft facilities also have variable interest rates however these are repaid within 12 months, reducing the risk level to minimal.

Excess cash and cash equivalents are invested in fixed interest rate term deposits which do not expose the City to cash flow interest rate risk. Cash and cash equivalents required for working capital are held in variable interest rate accounts and non-interest bearing accounts. Carrying amounts of cash and cash equivalents at the 30 June and the weighted average interest rate across all cash and cash equivalents and term deposits held disclosed as financial assets at amortised cost are reflected in the table below.

	Weighted Average Interest Rate	Carrying Amounts	Fixed Interest Rate	Variable Interest Rate	Non Interest Bearing
	%	\$	\$	\$	\$
<b>2019</b>					
Cash and cash equivalents	1.31%	16,146,977	3,000,000	13,137,347	9,630
Financial assets at amortised cost - term deposits	2.74%	28,300,032	28,300,032	-	-
<b>2018</b>					
Cash and cash equivalents	1.68%	7,710,744	-	7,002,564	708,180
Financial assets at amortised cost	2.65%	34,237,152	34,237,152	-	-

Sensitivity

Profit or loss is sensitive to higher/lower interest income from cash and cash equivalents as a result of changes in interest rates.

	2019	2018
	\$	\$
Impact of a 1% movement in interest rates on profit and loss and equity*	161,470	77,107

\* Holding all other variables constant

Borrowings

Borrowings are subject to interest rate risk - the risk that movements in interest rates could adversely affect funding costs. The City manages this risk by borrowing long term and fixing the interest rate to the situation considered the most advantageous at the time of negotiation. The City does not consider there to be any interest rate risk in relation to borrowings. Details of interest rates applicable to each borrowing may be found at Note 15 (e).

CITY OF FREMANTLE  
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT  
FOR THE YEAR ENDED 30TH JUNE 2019

28 FINANCIAL RISK MANAGEMENT (Continued)

(b) Credit risk

**Trade Receivables**

The City's major receivables comprise rates annual charges and user fees and charges. The major risk associated with these receivables is credit risk – the risk that the debts may not be repaid. The City manages this risk by monitoring outstanding debt and employing debt recovery policies. It also encourages ratepayers to pay rates by the due date through incentives.

Credit risk on rates and annual charges is minimised by the ability of the City to recover these debts as a secured charge over the land, that is, the land can be sold to recover the debt. The City is also able to charge interest on overdue rates and annual charges at higher than market rates, which further encourages payment.

The level of outstanding receivables is reported to Council monthly and benchmarks are set and monitored for acceptable collection performance.

The City applies the AASB 9 simplified approach to measuring expected credit losses using a lifetime expected loss allowance for all trade receivables. To measure the expected credit losses, rates receivable are separated from other trade receivables due to the difference in payment terms and security for rates receivable.

The expected loss rates are based on the payment profiles of rates and fees and charges over a period of 36 months before 1 July 2018 or 1 July 2019 respectively and the corresponding historical losses experienced within this period. Historical credit loss rates are adjusted to reflect current and forward-looking information on macroeconomic factors such as the ability of ratepayers and residents to settle the receivables. Housing prices and unemployment rates have been identified as the most relevant factor in repayment rates, and accordingly adjustments are made to the expected credit loss rate based on these factors. There are no material receivables that have been subject to a re-negotiation of repayment terms.

The loss allowance as at 30 June 2019 and 1 July 2018 (on adoption of AASB 9) was determined as follows for rates receivable. No expected credit loss was forecast on 1 July 2018 or 30 June 2019 for rates receivable as penalty interest applies to unpaid rates and properties associated with unpaid rates may be disposed of to recover unpaid rates.

	Current	More than 1 year past due	More than 2 years past due	More than 3 years past due	Total
<b>30 June 2019</b>					
Rates receivable					
Expected credit loss	0.00%	0.00%	0.00%	0.00%

FOR THE YEAR ENDED 30TH JUNE 2019

**28 FINANCIAL RISK MANAGEMENT (Continued)**

**(c) Liquidity risk**

**Payables and borrowings**

Payables and borrowings are both subject to liquidity risk – that is the risk that insufficient funds may be on hand to meet payment obligations as and when they fall due. The City manages this risk by monitoring its cash flow requirements and liquidity levels and maintaining an adequate cash buffer. Payment terms can be extended and overdraft facilities drawn upon if required and disclosed in Note 15(e).

The contractual undiscounted cash flows of the City's payables and borrowings are set out in the liquidity table below. Balances due within 12 months equal their carrying balances, as the impact of discounting is not significant.

	Due within 1 year \$	Due between 1 & 5 years \$	Due after 5 years \$	Total contractual cash flows \$	Carrying values \$
<b>2019</b>					
Payables	6,244,049	81,350	-	6,325,399	6,325,399

**30 EVENTS OCCURRING AFTER THE END OF THE REPORTING PERIOD**

There is no significant events after 30 June 2019.

CITY OF FREMANTLE  
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT  
FOR THE YEAR ENDED 30TH JUNE 2019

**31 INITIAL APPLICATION OF AUSTRALIAN ACCOUNTING STANDARDS**

During the current year, the City adopted all of the new and revised Australian Accounting Standards and Interpretations which were compiled, became mandatory and which were applicable to its operations.

Whilst many reflected consequential changes associated with the amendment of existing standards, the only new standard with material application is AASB 9 *Financial Instruments*.

**AASB 9 Financial instruments**

AASB 9 *Financial Instruments* replaces AASB 139 *Financial Instruments: Recognition and Measurement* for annual reporting periods beginning on or after 1 January 2018, bringing together all three aspects of the accounting for financial instruments: classification and measurement; impairment; and hedge accounting.

The City applied AASB 9 prospectively, with an initial application date of 1 July 2018. The adoption of AASB 9 has resulted in changes in accounting policies and adjustments to the amounts recognised in the financial statements. In accordance with AASB 9.7.2.15, the City has not restated the comparative information which continues to be reported under AASB 139. Differences arising from adoption have been recognised directly in accumulated surplus/(deficit).

The effect of adopting AASB 9 as at 1 July 2018 was, as follows:

	<u>Adjustments</u>	<u>01 July 2018</u>
		\$
<b>Assets</b>		
Trade receivables	(a),(b)	-
Loans and advances	(a)	-
Available for sale financial assets	(a)	-
<b>Total Assets</b>		<u>-</u>
<b>Total adjustments on Equity</b>		
Accumulated surplus/(deficit)	(a),(b)	<u>-</u>

The nature of these adjustments are described below:

**(a) Classification and measurement**

Under AASB 9, financial assets are subsequently measured at amortised cost, fair value through other comprehensive income (fair value through OCI) or fair value through profit or loss (fair value through P/L). The classification is based on two criteria: the City's business model for managing the assets; and whether the assets' contractual cash flows represent 'solely payments of principal and interest' on the principal amount outstanding.

The assessment of the City's business model was made as of the date of initial application, 1 July 2018. The assessment of whether contractual cash flows on financial assets are solely comprised of principal and interest was made based on the facts and circumstances as at the initial recognition of the assets.

The classification and measurement requirements of AASB 9 did not have a significant impact on the City. The following are the changes in the classification of the City's financial assets:

- Trade receivables and Loans and advances (i.e. Other debtors) classified as Loans and receivables as at 30 June 2018 are held to collect contractual cash flows and give rise to cash flows representing solely payments of principal and interest. These are classified and measured as Financial assets at amortised cost beginning 1 July 2018.

**CITY OF FREMANTLE**  
**NOTES TO AND FORMING PART OF THE FINANCIAL REPORT**  
**FOR THE YEAR ENDED 30TH JUNE 2019**

**31 INITIAL APPLICATION OF AUSTRALIAN ACCOUNTING STANDARDS (Continued)**

- The City did not designate any financial assets as at fair value through profit and loss.

In summary, upon the adoption of AASB 9, the City had the following required (or elected) reclassifications as at 1 July 2018:

<b>AASB 139 category</b>	<b>AASB 139 value</b>	<b>AASB 9 category amortised cost</b>	<b>Fair value through OCI</b>	<b>Fair value through P/L</b>
	\$	\$	\$	\$
<b>Loans and receivables</b>				
Trade receivables*	1,332,195	1,332,195	-	-
	1,332,195	1,332,195	-	-

\* The change in carrying amount is a result of additional impairment allowance. See the discussion on impairment below.

**(b) Impairment**

The adoption of AASB 9 has fundamentally changed the City's accounting for impairment losses for financial assets by replacing AASB 139's incurred loss approach with a forward-looking expected credit loss (ECL) approach. AASB 9 requires the City to recognise an allowance for ECLs for all financial assets not held at fair value through P/L. Upon adoption of AASB 9, the City did not recognise an additional impairment on the City's Trade receivables as at 1 July 2018.

Set out below is the reconciliation of the ending impairment allowances in accordance with AASB 139 to the opening loss allowances determined, in accordance with AASB 9:

	<b>Impairment under AASB 139 as at 30 June 2018</b>	<b>Remeasurement</b>	<b>ECL under AASB 9 as at 01 July 2018</b>
	\$	\$	\$
Loans and receivables under AASB 139 / Financial assets at amortised cost under AASB 9	171,105	-	171,105
	171,105	-	171,105

**(c) Impact of changes to Retained Surplus**

The impact on the City of the changes as at 1 July 2018 is as follows:

	<b>Adjustments</b>	<b>2018</b>
		\$
Retained surplus - 30 June 2018		148,345,595
Adjustment to retained surplus from adoption of AASB 9	-	-
Retained surplus - 1 July 2018		148,345,595

CITY OF FREMANTLE  
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT  
FOR THE YEAR ENDED 30TH JUNE 2019

32 NEW ACCOUNTING STANDARDS AND INTERPRETATIONS FOR APPLICATION  
IN FUTURE YEARS

The AASB has issued a number of new and amended Accounting Standards and Interpretations that have mandatory application dates for future reporting periods, some of which are relevant to the City.

This note explains management's assessment of the new and amended pronouncements that are relevant to the City, the impact of the adoption of AASB 15 *Revenue from Contracts with Customers*, AASB 16 *Leases* and AASB 1058 *Income for Not-for-Profit Entities*. These standards are applicable to future reporting periods and have not yet been adopted.

(a) Revenue from Contracts with Customers

The City will adopt AASB 15 Revenue from Contracts with Customers (issued December 2014) on 1 July 2019 resulting in changes in accounting policies. In accordance with the transition provisions AASB 15, the City will adopt the new rules retrospectively with the cumulative effect of initially applying these rules recognised on 1 July 2019. In summary the following adjustments are expected to be made to the amounts recognised in the balance sheet at the date of initial application (1 July 2019):

Note	AASB 118	Reclassification	AASB 15
	carrying amount 30 June 2019		carrying amount 01 July 2019
	\$	\$	\$
<b>Contract liabilities - current</b>			
Unspent grants, contributions and reimbursements	-	1,082,180	1,082,180
Income received in advance - Fremantle Leisure Centre	-	160,073	160,073
Adjustment to retained surplus from adoption of AASB 15	32(d)	(1,242,253)	

(b) Leases

The City adopted AASB 16 retrospectively from 1 July 2019 which resulted in changes in accounting policies. In accordance with the transition provisions of AASB 16, the City has applied this Standard to its leases retrospectively, with the cumulative effect of initially applying AASB 16 recognised on 1 July 2019. In applying the AASB 16 under the specific transition provisions chosen, the City will not restate comparatives for prior reporting periods.

On adoption of AASB 16, the City will recognise lease liabilities in relation to leases which had previously been classified as an 'operating lease' applying AASB 117. These lease liabilities will be measured at the present value of the remaining lease payments, discounted using the lessee's incremental borrowing rate on 1 July 2019. The weighted average lessee's incremental borrowing rate applied to the lease liabilities on 1 July 2019 is 2.70%, which is the 10 year government bond rate.

Note	2019
	\$
Operating lease commitments disclosed as at 30 June 2019	1,078,894
Lease liability recognised as at 1 July 2019	
Discounted using the City's incremental borrowing rate of 2.70%	32(d) 953,928
Low-value leases recognised on a straight-line basis as an expense	2,755

On adoption of AASB 16, the City will recognise a right-of-use asset in relation to a lease which had previously been classified as an 'operating lease' applying AASB 117. This right-of-use asset is to be measured as if AASB 16 had been applied since its commencement date by the carrying amount but discounted using the lessee's incremental borrowing rate as on 1 July 2019. Property, plant and equipment and lease liability increases by \$953,928 on 1 July 2019 and the net impact on retained earnings on July 2019 will be \$122,423.

On adoption of AASB 16 Leases (issued February 2016), for leases which had previously been classified as an 'operating lease' when applying AASB 117, the City is not required to make any adjustments on transition for leases for which the underlying asset is of low value. Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with Financial Management Regulation 17A (5).

In applying AASB 16 for the first time, the City will use the following practical expedient permitted by the standard.

- The exclusion of initial direct costs from the measurement of the right-of-use asset at the date of initial application.

CITY OF FREMANTLE  
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT  
FOR THE YEAR ENDED 30TH JUNE 2019

32 NEW ACCOUNTING STANDARDS AND INTERPRETATIONS FOR APPLICATION  
IN FUTURE YEARS

(c) Income For Not-For-Profit Entities

The City will adopt AASB 1058 *Income for Not-for-Profit Entities* (issued December 2016) on 1 July 2019 which will result in changes in accounting policies. In accordance with the transition provisions AASB 1058, the City will adopt the new rules retrospectively with the cumulative effect of initially applying AASB 1058 recognised at 1 July 2019. Comparative information for prior reporting periods shall not be restated in accordance with AASB 1058 transition requirements.

In applying AASB 1058 retrospectively with the cumulative effect of initially applying the Standard on 1 July 2019 changes will occur to the following financial statement line items by application of AASB 1058 as compared to AASB 1004 Contributions before the change:

Note	AASB 1004	Reclassification	AASB 1058
	carrying amount		carrying amount
	30 June 2019		01 July 2019
	\$	\$	\$
Trade and other payables	6,244,049	-	6,244,049
Adjustment to retained surplus from adoption of AASB 1058	32(d)	-	

Prepaid rates are, until the taxable event for the rates has occurred, refundable at the request of the ratepayer. Therefore the rates received in advance give rise to a financial liability that is within the scope of AASB 9. On 1 July 2019 the prepaid rates will be recognised as a financial asset and a related amount recognised as a financial liability and no income recognised by the City. When the taxable event occurs the financial liability will be extinguished and the City will recognise income for the prepaid rates that have not been refunded.

Assets that were acquired for consideration, that were significantly less than fair value principally to enable the City to further its objectives, may have been measured on initial recognition under other Australian Accounting Standards at a cost that was significantly less than fair value. Such assets are not required to be remeasured at fair value.

Volunteer Services will not be recognised in revenue and expenditure as the fair value of the services can not be reliably estimated.

(d) Impact of changes to Retained Surplus

The impact on the City of the changes as at 1 July 2019 is as follows:

Note	Adjustments	2019
		\$
Retained surplus - 30 June 2019		146,675,307
Adjustment to retained surplus from adoption of AASB 15	32(a)	(1,242,253)
Adjustment to retained surplus from adoption of AASB 16	32(b)	122,423
Adjustment to retained surplus from adoption of AASB 1058	32(c)	-
		(1,119,830)
Retained surplus - 01 July 2019		145,555,477

**CITY OF FREMANTLE**  
**NOTES TO AND FORMING PART OF THE FINANCIAL REPORT**  
**FOR THE YEAR ENDED 30TH JUNE 2019**

**33 EFFECT OF CHANGES IN ACCOUNTING POLICY / CORRECTION OF ERROR**

Balances relating to the 2018 comparative period have been amended due to a change in accounting policy and correction of error. These amendments have been adjusted as shown below.

On the 26 June 2018 Paragraph 17A (5) was inserted into Local Government (Financial Management) Regulations 1996. The regulation stated an asset is to be excluded from the assets of a local government if the fair value of the asset at the date of acquisition by the local government is under \$5 000.

Australian Accounting Standard AASB 108 Accounting Policies, Changes in Accounting Estimates and Errors, requires this amendment to the asset values to be treated as a change in accounting policy. The standard requires balances to be adjusted retrospectively, unless it is impracticable to determine the period-specific or cumulative effects of the change.

The City has applied this change retrospectively, adjusting the Financial report balances as at 30 June 2018. Assets with a fair value at the date of acquisition of under \$5,000 and purchased prior to 30 June 2018 have been from the assets of the City.

The City has adopted Fair value model to account Investment Properties. A gain or loss arising from a change in the fair value of investment property shall be recognised in profit or loss for the period in which it arises. The City depreciated Investment properties in the year ended 30 June 18 in error which has been corrected in year ended 30 June 19.

**CITY OF FREMANTLE**  
**NOTES TO AND FORMING PART OF THE FINANCIAL REPORT**  
**FOR THE YEAR ENDED 30TH JUNE 2019**

**34 OTHER SIGNIFICANT ACCOUNTING POLICIES**

**a) Goods and services tax (GST)**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

**b) Current and non-current classification**

The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the City's operational cycle. In the case of liabilities where the City does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current or non-current based on the City's intentions to release for sale.

**c) Rounding off figures**

All figures shown in this annual financial report, other than a rate in the dollar, are rounded to the nearest dollar. Amounts are presented in Australian Dollars.

**d) Comparative figures**

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

When the City applies an accounting policy retrospectively, makes a retrospective restatement or reclassifies items in its financial statements that has a material effect on the statement of financial position, an additional (third) statement of financial position as at the beginning of the preceding period in addition to the minimum comparative financial statements is presented.

**e) Budget comparative figures**

Unless otherwise stated, the budget comparative figures shown in this annual financial report relate to the original budget estimate for the relevant item of disclosure.

**f) Superannuation**

The City contributes to a number of Superannuation Funds on behalf of employees. All funds to which the City contributes are defined contribution plans.

**g) Fair value of assets and liabilities**

Fair value is the price that the City would receive to sell the asset or would have to pay to transfer a liability, in an orderly (i.e. unforced) transaction between independent, knowledgeable and willing market participants at the measurement date.

As fair value is a market-based measure, the closest equivalent observable market pricing information is used to determine fair value. Adjustments to market values may be made having regard to the characteristics of the specific asset or liability. The fair values of assets that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data.

To the extent possible, market information is extracted from either the principal market for the asset or liability (i.e. the market with the greatest volume and level of activity for the asset or liability) or, in the absence of such a market, the most advantageous market available to the entity at the end of the reporting period (i.e. the market that maximises the receipts from the sale of the asset after taking into account transaction costs and transport costs).

For non-financial assets, the fair value measurement also takes into account a market participant's ability to use the asset in its highest and best use or to sell it to another market participant that would use the asset in its highest and best use.

**h) Fair value hierarchy**

AASB 13 requires the disclosure of fair value information by level of the fair value hierarchy, which categorises fair value measurement into one of three possible levels based on the lowest level that an input that is significant to the measurement can be categorised into as follows:

**Level 1**

Measurements based on quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

**Level 2**

Measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

**Level 3**

Measurements based on unobservable inputs for the asset or liability.

The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data. If all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or liability is included in Level 3.

**Valuation techniques**

The City selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the City are consistent with one or more of the following valuation approaches:

**Market approach**

Valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities.

**Income approach**

Valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value.

**Cost approach**

Valuation techniques that reflect the current replacement cost of the service capacity of an asset.

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, the City gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability are considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable.

**i) Impairment of assets**

In accordance with Australian Accounting Standards the City's cash generating non-specialised assets, other than inventories, are assessed at each reporting date to determine whether there is any indication they may be impaired.

Where such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying amount.

Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another Standard (e.g. AASB 116) whereby any impairment loss of a revalued asset is treated as a revaluation decrease in accordance with that other Standard.

For non-cash generating specialised assets that are measured under the revaluation model, such as roads, drains, public buildings and the like, no annual assessment of impairment is required. Rather AASB 116.31 applies and revaluations need only be made with sufficient regulatory to ensure the carrying value does not differ materially from that which would be determined using fair value at the ends of the reporting period.

**CITY OF FREMANTLE**  
**NOTES TO AND FORMING PART OF THE FINANCIAL REPORT**  
**FOR THE YEAR ENDED 30TH JUNE 2019**

**35 ACTIVITIES/PROGRAMS**

City operations as disclosed in these financial statements encompass the following service orientated activities/programs.

<b>PROGRAM NAME</b>	<b>OBJECTIVE</b>	<b>ACTIVITIES</b>
GOVERNANCE	To provide a decision making process for the efficient allocation of resources.	Includes the activities of members of the council and the administrative support available to the council for the provision of governance of the district. Other costs relate to the task of assisting elected members and ratepayers on matters which do not concern specific council services.
GENERAL PURPOSE FUNDING	To collect revenue to allow the provision of services.	Rates, general purpose government grants and interest revenue.
LAW, ORDER, PUBLIC SAFETY	To provide services to ensure a safer and environmentally conscious community.	Supervision and enforcement of various local laws relating to fire prevention, animal control and other aspects of public safety including emergency services.
HEALTH	To provide an operational framework for environmental and community health.	Inspection of food outlets and their control, provision of noise control and waste disposal compliance.
EDUCATION AND WELFARE	To provide services to disadvantaged persons, the elderly, children and youth.	Elderly person's activities and support, community services planning, disabled persons services, youth services, indigenous issues, meals on wheels centre, pre-schools and other welfare and voluntary persons.
HOUSING	To provide and maintain elderly residence housing.	Provision and maintenance of elderly residence housing.
COMMUNITY AMENITIES	To provide services required by the community.	Rubbish collection services, operation of rubbish disposal sites, litter control, construction and maintenance of urban stormwater drains, protection of the environment and administration of town planning schemes, cemetery and public conveniences.
RECREATION AND CULTURE	To establish and effectively manage infrastructure and resources which will help the social well-being of the	Maintenance of halls, recreation and cultural facilities, including sportsgrounds, parks, gardens, reserves, playgrounds and foreshore amenities. Maintenance of townscapes, Operation of libraries, leisure centres and art galleries.
TRANSPORT	To provide safe, effective and efficient transport services to the community.	Construction and maintenance of roads drainage single and dual use paths, bridges and traffic signs. Maintenance of road verges, strategic planning for transport and traffic flows, street lighting and street cleaning, parking control and parking operations.
ECONOMIC SERVICES	To help promote the city and its economic well-being.	Tourism and area promotion, operation of the visitor centre, sister cities expenses, City marketing and economic development, implementation of building control.
OTHER PROPERTY AND SERVICES	To monitor and control council's overhead operating accounts.	Private works operation, plant repair, public works overheads, land acquisition and disposal.

CITY OF FREMANTLE  
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT  
FOR THE YEAR ENDED 30TH JUNE 2019

**36 FINANCIAL RATIOS**

	2019 Actual	2018 Actual	2017 Actual
Current ratio	1.34	0.99	1.00
Asset consumption ratio	0.69	0.70	0.82
Asset renewal funding ratio	1.82	0.77	0.67
Asset sustainability ratio	1.06	0.82	1.04
Debt service cover ratio	0.99	0.57	7.73
Operating surplus ratio	(0.08)	(0.02)	0.14
Own source revenue coverage ratio	0.90	0.93	0.98

The above ratios are calculated as follows:

Current ratio	$\frac{\text{current assets minus restricted assets}}{\text{current liabilities minus liabilities associated with restricted assets}}$
Asset consumption ratio	$\frac{\text{depreciated replacement costs of depreciable assets}}{\text{current replacement cost of depreciable assets}}$
Asset renewal funding ratio	$\frac{\text{NPV of planned capital renewal over 10 years}}{\text{NPV of required capital expenditure over 10 years}}$
Asset sustainability ratio	$\frac{\text{capital renewal and replacement expenditure}}{\text{depreciation}}$
Debt service cover ratio	$\frac{\text{annual operating surplus before interest and depreciation}}{\text{principal and interest}}$
Operating surplus ratio	$\frac{\text{operating revenue minus operating expenses}}{\text{own source operating revenue}}$
Own source revenue coverage ratio	$\frac{\text{own source operating revenue}}{\text{operating expense}}$

## Auditor General

### INDEPENDENT AUDITOR'S REPORT

#### To the Councillors of the City of Fremantle

#### Report on the Audit of the Financial Report

##### **Opinion**

I have audited the annual financial report of the City of Fremantle which comprises the Statement of Financial Position as at 30 June 2019, the Statement of Comprehensive Income by Nature or Type, Statement of Comprehensive Income by Program, Statement of Changes in Equity, Statement of Cash Flows and Rate Setting Statement for the year then ended, and notes comprising a summary of significant accounting policies and other explanatory information, and the Statement by the Chief Executive Officer.

In my opinion the annual financial report of the City of Fremantle:

- (i) is based on proper accounts and records; and
- (ii) fairly represents, in all material respects, the results of the operations of the City for the year ended 30 June 2019 and its financial position at the end of that period in accordance with the *Local Government Act 1995* (the Act) and, to the extent that they are not inconsistent with the Act, Australian Accounting Standards.

##### **Basis for Opinion**

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of my report. I am independent of the City in accordance with the *Auditor General Act 2006* and the relevant ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to my audit of the annual financial report. I have also fulfilled my other ethical responsibilities in accordance with the Code. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

##### **Emphasis of Matter – Basis of Accounting**

I draw attention to Note 1 to the annual financial report, which describes the basis of accounting. The annual financial report has been prepared for the purpose of fulfilling the City's annual financial reporting responsibilities under the Act. Regulation 16 of the Local Government (Financial Management) Regulations 1996 (Regulations), does not allow a local government to recognise some categories of land, including land under roads, as assets in the annual financial report. My opinion is not modified in respect of this matter.

##### **Responsibilities of the Chief Executive Officer and Council for the Financial Report**

The Chief Executive Officer (CEO) of the City is responsible for the preparation and fair presentation of the annual financial report in accordance with the requirements of the Act, the Regulations and, to the extent that they are not inconsistent with the Act, Australian Accounting Standards. The CEO is also responsible for such internal control as the CEO determines is necessary to enable the preparation of a annual financial report that is free from material misstatement, whether due to fraud or error.

In preparing the annual financial report, the CEO is responsible for assessing the City's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the State government has made decisions affecting the continued existence of the City.

The Council is responsible for overseeing the City's financial reporting process.

***Auditor's Responsibility for the Audit of the Financial Report***

The objectives of my audit are to obtain reasonable assurance about whether the annual financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the annual financial report.

As part of an audit in accordance with Australian Auditing Standards, I exercise professional judgment and maintain professional scepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the annual financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the CEO.
- Conclude on the appropriateness of the CEO's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the City's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the annual financial report or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report, as we cannot predict future events or conditions that may have an impact.
- Evaluate the overall presentation, structure and content of the annual financial report, including the disclosures, and whether the annual financial report represents the underlying transactions and events in a manner that achieves fair presentation.

I communicate with the Council and the CEO regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

### Report on Other Legal and Regulatory Requirements

In accordance with the Local Government (Audit) Regulations 1996 I report that:

- (i) In my opinion, the following material matter indicates a significant adverse trend in the financial position of the City:
  - a. The Operating Surplus Ratio has been below the Department of Local Government, Sport and Cultural Industries standard for the past 2 years, with the current year ratio also being below the previous year.

The financial ratios are reported at Note 36 to the annual financial report.

- (ii) All required information and explanations were obtained by me.
- (iii) All audit procedures were satisfactorily completed.
- (iv) In my opinion, the Asset Consumption Ratio and the Asset Renewal Funding Ratio included in the annual financial report were supported by verifiable information and reasonable assumptions.

### Other Matter

The annual financial report of the City for the year ended 30 June 2018 was audited by another auditor who expressed an unmodified opinion on that annual financial report. The annual financial ratios for 2017 and 2018 in Note 36 of the audited annual financial report were included in the audited annual financial report for those years.

### Matters Relating to the Electronic Publication of the Audited Financial Report

This auditor's report relates to the annual financial report of the City of Fremantle for the year ended 30 June 2019 included on the City's website. The City's management is responsible for the integrity of the City's website. This audit does not provide assurance on the integrity of the City's website. The auditor's report refers only to the annual financial report described above. It does not provide an opinion on any other information which may have been hyperlinked to/from this annual financial report. If users of the annual financial report are concerned with the inherent risks arising from publication on a website, they are advised to refer to the hard copy of the audited annual financial report to confirm the information contained in this website version of the annual financial report.

CAROLINE SPENCER  
AUDITOR GENERAL  
FOR WESTERN AUSTRALIA  
Perth, Western Australia  
9 December 2019
