I have been a part of growing our 'very Freo' inclusive community since the 1990's across heritage, culture, business and local government.

This has included as a board member of Fremantle Press and Spare Parts Puppet Theatre, Chair of the former Fremantle Prison Trust, Chair of the Rottnest Island Authority, current board member of the State Library, as councillor, and as first female mayor from 1994-1997.

I am nominating for mayor because I believe that we can do better in delivering on the aspirations of our residents and businesses.

My focus will be to work with Fremantle to grow our community and all that makes us Freo. This includes enhancing our green spaces and urban forest plan, supporting our artists, community and sporting groups, planning sustainably wherever we can, helping grow local businesses and working with others to deliver compassionate solutions for the homeless and community safety. More than ever we need to ensure our Freo culture is nurtured and proudly different.
