Hello, I'm Melanie - a North Ward resident with deep Fremantle/Walyalup family roots, mother of twins, small local business owner of ***Remedy*** for 23 years and long-time community collaborator. I've also been a general manager at a national company wrangling strategy, multiple teams, big budgets and boards.

My experiences and skills have helped me tackle local issues. I've helped local traders keep their doors open through tough roadworks; co-founded *Just Cause*, a social enterprise raising awareness for prevention of domestic violence; member of a steering committee for a community fund to support local projects & with friends, helped secure a \$100K Town Team grant to re-wild William St in Freo - shovels coming soon!

Tuesday nights you'll find me at a street kitchen serving our most vulnerable.

I get things done by rolling up my sleeves, building partnerships and putting community first. With your vote, as a Councillor I'll seek and provide solutions so we can shape our future, together.
