Enrolment status	RAY, Tyler is eligible to stand for election as a resident of the City of Fremantle.

I'm Tyler Ray, a nurse, father and unionist, standing for Fremantle Council with WA Socialists. I've seen how inequality harms people and believe our city should put people before profit. My daughter attends public school, and I'm committed to defending and improving high-quality public education for every child. Fremantle must remain a working port, not a playground for developers. I'll fight for renters' rights, caps on soaring rents, and more public and community housing so working people can live here. I'll push council to expand services for the elderly and homeless, ensuring care, shelter and dignity for all.

I believe Fremantle should also take a stand for justice beyond our borders: I support the Boycott, Divestment and Sanctions movement and oppose Israel's genocide against Palestinians, as we once opposed apartheid South Africa. Fremantle has a proud history of solidarity let's keep it a community for workers, renters and the oppressed, not the wealthy few.
